

★ Being a column in which the publisher just "blows off the steam" . . .

By JUNE JONES

A FELLOW has to watch every angle nowadays to keep from getting stepped on, dog bit and otherwise mistreated. To prove his point, a man from Stamford was telling us the other day about an experience in his town:

Mrs. Worthmore and her French poodle were shopping one day when she noticed that the man standing next to her at the counter was looking fearfully at the puppy frisking about his legs. "My, my," she said, "don't be afraid of Felix, he won't bite you."

"Madam," said the man, "I wasn't afraid he'd bite, but I noticed him lifting his hind leg and thought he was going to kick me!"

★

MARGARET HARFIELD, a writer in Good Business magazine, recently had this to say about picture making:

I went into a photograph studio to have my picture taken—went reluctantly, for firmly implanted in my mind was the belief that I would not take a good picture.

"This is something I dread terribly," I said to the photographer. "I haven't had a picture made in years—I'm definitely not photogenic."

"I wish you had not said that," he answered. "There is no reason why you shouldn't take a fine picture, but if you feel like that about it, the chances are you won't."

"But I feel this way because of previous experience."

"You probably had a picture made that wasn't good. The next time you tried, doubt got between you and the camera. When the picture was done it wasn't good either."

"But," I persisted, "how can there be doubt showing in a photograph?"

"I don't know how to explain it, but there it is. What you think shows in the picture. Something almost tangible lies between you and the film."

I knew that he was right. As I prepared to face the camera I sang a little tune. I had faith that he would get a very good picture.

He took six poses. Today I saw the proofs and they are all remarkably satisfactory. Not one could be called a poor likeness of me.

I asked my photographer friend if he used this principle in all phases of his life. He looked so confused that I am certain he had not thought of it before. I am going to send him a copy of this article just to be sure that he thinks of it in the future. He taught me a fine lesson—and one good turn deserves another.

★

CONVERSATION and talk are cheap these days. And it's funny how some folks can do a lot of talking and say practically nothing.

To prove this assertion, we heard of an Aspermont fellow who wanted a divorce. He declared to the judge:

"That woman never stops talking. She kept going steady morning, noon and night—day in and day out. A person gets so that he just can't stand any more, judge."

"What does she talk about?" asked the judge.

"That's just the trouble, your honor—she doesn't say."

★

COMPETITORS, says a business man who has succeeded, do more for him than do his friends.

"My friends are too polite to point out weaknesses, but my competitors go to great expense to advertise them. My competitors are diligent, efficient and attentive. They make me look for ways to improve my selling and servicing."

"My competitors would take business away from me if they could; this keeps me alert to hold what I have. If I had no competitors, I would be incompetent, lazy and inattentive. I need the discipline they force upon me."

"I salute my competitors. They have been good to me. God bless them all!"

★

WOMEN, we have observed, have a reason for doing nearly everything—that is, they can argue about why they did so-and-so. Here is the diagnosis of the actions of some women:

When women find They have a yen For simpler things, They marry men!

CONCRETE WORK on the huge new bins being added to the elevator facilities of the F. B. Moore Grain Company in Northeast Hamlin has been completed, and "lids" or roofs on the big concrete storage silos were being placed when the above picture was made late last week. The \$500,000 addition to the Moore plant will more than double the grain storage capacity of the concern, already the largest between Fort Worth and El Paso.

## Government Trapper Takes New Position in Jones County

### Government Man To Operate Only On Owner Consent

J. B. Knight was due to assume his new duties as official wolf trapper for Jones County Wednesday or Thursday, according to a telephone call from County Judge Pete Andrews to The Herald. He was named several days ago by the Commissioners Court.

Provision for the trapper was made when people of Jones County voted in a special election to cooperate with the state and federal government in paying the trapper. The election was on December 11. Salary of the trapper will be paid jointly by the county and the state and federal governments.

Knight will trap and poison wolves and other predatory animals that have been molesting

See WOLF TRAPPER—Page 3

### First Methodists Set Revival for March 13

Date for the annual spring revival at the First Methodist has been set for March 13 through March 20, it was announced this week by the pastor, Rev. Darris L. Egger.

Rev. S. M. Dunnam, pastor of the Hereford First Methodist Church, will be evangelist for the eight-day revival, and Rev. Rex Mauldin will lead the singing, it is announced.

### Herringtons Attend Funeral Director Meet

Mr. and Mrs. Frank Herrington of Hamlin were in Abilene last Wednesday attending the annual convention and business meeting of the West Texas Funeral Directors Association.

Herrington is partner and manager of the Hamlin Funeral Home.

### City Election Set, Equipment Bought At Council Session

Election notices for the annual city election on April 5 were ordered to be prepared and issued by the mayor when members of the Hamlin City Council met in regular monthly business session Tuesday evening at the city hall. Terms of two aldermen, A. Hudson and A. Spencer, will expire at that time. Closing date for filing names of candidates for the offices was set at March 5.

Two major pieces of equipment were purchased by the business group. Low bids for the equipment were approved in each instance. A Dodge half-ton pickup was purchased from John F. Green Motor Company on a low bid of \$1,189.12. The pickup will be used by the city water department. Four Hamlin concerns submitted bids on the truck.

A 750-gallons-per-minute booster pump for the water system was purchased from Fairbanks-Morse Company on a bid of \$1,360. Two other bids were submitted. The pump will be used to pump water into the city mains at the city pump station. Peak summer consumption has overtaxed pumping facilities heretofore.

Routine bills were approved, and discussions included progress on the paving program; perfecting titles on city property where the owners are unknown; ordering of bids on street sweepers.

### IDEAS EXPANDING.

Man's mind stretched to a new idea never goes back to its original dimensions.

### Pioneer Members Of Lions Club To Be Honored at Dinner

Long-time members of the Lions Club will be specially honored this (Friday) evening at the Primary School cafeteria when the silver anniversary of the Hamlin Lions Club will be observed at a ladies' night affair.

Special service pins will be presented to Willard Jones, 30-year pin; Joe C. Culbertson, J. W. McCrary and W. C. (Ted) Russell, 25-year pins; Henry Albritton, 20-year pin; Haskell Carter, I. R. Huchingson, L. H. McBride and B. V. Newberry, 15-year pins; and C. C. Bailey, D. D. Shelburne and Fred Smith, 10-year pins.

Incidentally, it is explained that several other members of the local club have longer tenures than some of these, but only those with service in multiples of five years are honored; for example, one member has been a member for 24 years.

Speaker for the get-together of local and area Lions Club representatives will be Tom Carswell of Abilene, former district governor of Lions International, who presented the charter to the Hamlin Lions Club when it was organized 25 years ago.

The meeting will open with a buffet style luncheon in the cafeteria. A program of entertainment will precede the speaker.

### Only 2,918 Poll Taxes Paid in Jones County

Jones County voters appeared none too interested in exercising their privilege of voting during the current year. Only 2,919 poll taxes were issued by the office of Mrs. Ina B. Dougherty, county tax assessor-collector at Anson, before the January 31 deadline, it has been revealed.

In addition to that number of poll taxes, 19 exemptions were issued. Average voting strength of Jones County during strong election years has been between 4,000 and 5,000. This year is an off-year for most elections.

### No Stir Observed in Hamlin City Election

City politics was as dead as a door-nail when the subject was mentioned this week by a Herald reporter.

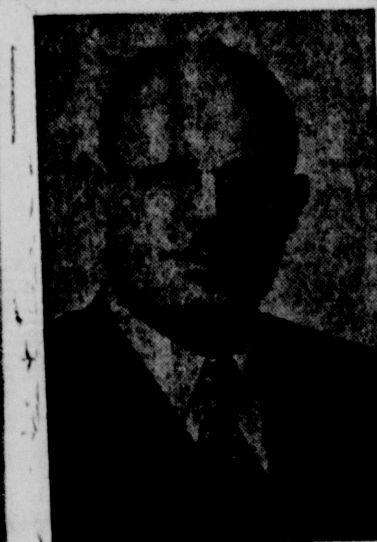

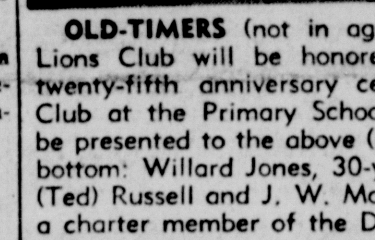

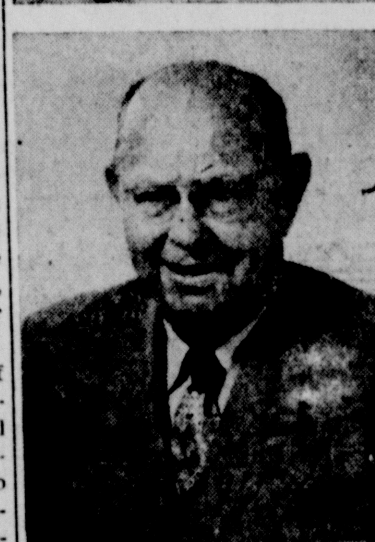

Neither A. Spencer nor A. Hudson, members of the City Council whose terms expire in April, would say whether they would run for re-election.

City election for 1955 was set for Tuesday, April 5, by the council Tuesday night. Closing date for filing names for places on the city ticket is Saturday, March 5.

ANOTHER IN THE SERIES of Mystery Farm Pictures being run by The Herald is shown above. First person, other than the owner and his family, to correctly identify the view will be given a one-year subscription to Your Home Town Paper. In order to give readers of the paper living on the rural routes an equal chance at the identifying, no answers will be accepted before 1:00 p. m. Friday, either in person or telephoning to the paper office. The original aerial picture will be presented to the owner by The Herald.

# Drive for \$20,000 Fund to Build Swimming Pool Set

### Jack Russell to Lead Campaign For Donations

A swimming pool for Hamlin moved a step closer this week with the basic plan for its construction being approved, and the outline of a campaign to raise \$20,000 for materials and equipment. These decisions were reached at a Wednesday morning meeting of the planning committee that had previously been named from representatives of civic and women's clubs of the community.

Jack Russell was named chairman of the money-raising drive that was scheduled to get underway today (Friday).

The campaign was slated to be a quick one, with the climax to be reached within a week. Pledges and donations were to be sought for the \$20,000 goal in the one-week campaign, and pledges are to be paid by April 1, the committee decided.

Names of more than 1,200 residents of the Hamlin territory were being organized and divided into sections for workers to canvass, according to Delma Shelburne, president of the Community Recreation Committee, under whose sponsorship the swimming pool is being promoted.

Actual construction on the pool, according to plans, would be started by April 1. Hope that it could be completed by swimming season was expressed by members of the committee.

City Engineer Roy Dunlap will prepare plans and specifications for the pool and supervise its construction. Various building contractors will be asked to cooperate in the pool's construction.

### Overtures Made in Settlement of Dispute Over Lake Property

New overtures were made last week by J. L. Wood of Midland and the City of Stamford covering land in and around Paint Creek Lake northeast of Stamford, which has been in litigation for two years.

Stamford and Hamlin are getting municipal water supplies from the Paint Creek Lake.

Wood, who is suing the city for damages he alleges creation of the lake has done to his land, offered to sell the land needed by the city, 397.91 acres, for \$70 an acre. His latest proposal asked \$25 per acre for 732.79 acres needed for easement only—plus \$4,000 damages.

Stamford City Council authorized City Attorney Jack Watson, through whom the proposal was made, to offer Wood \$40 an acre for land in fee and \$6 an acre for easement.

### Who's New This Week

Four new citizens have been announced at the Hamlin Memorial Hospital since last week's report in The Herald. One girl and three boys, they are:

A girl for Mr. and Mrs. Felix Marentes of Hamlin arrived February 11 at 8:00 p. m. The little seniorita, who weighed six pounds nine ounces, will answer to Mary Inez.

A boy arrived for Mr. and Mrs. David Roberts of Hamlin on February 11 at 1:40 p. m. He has been labeled Joseph Paul. He balanced the scales at six pounds one ounce to become the lightweight for the week.

A boy was born to Mr. and Mrs. Billy Joe Hollingsworth of Aspermont February 13 at 6:40 p. m. After having his weight checked at eight pounds three ounces, the young man accepted Bruce Edward as a moniker.

A boy was born to Mr. and Mrs. Elmo Gabriel of Abilene February 13 at 8:37 a. m. He was assigned the name Thomas Elmo after having his weight checked at eight pounds seven and one-half ounces.

## Hamlin Boys Prime Stock for Big Show

Close of the entry list for the annual Jones County Club Boys' Livestock Show, to be staged next Saturday at Anson, promises one of the best displays of fine livestock and poultry the boys shall ever pooled.

Members of the 4-H Clubs and Future Farmers of America chapters of the county will vie for \$1,200 worth of cash awards and seven trophies.

And Hamlin area boys will be

### Mack Fletcher to Be Featured on Program

Good Neighbor Home Demonstration Club of Neinda is sponsoring a program to be presented by Mack Fletcher and his Hired Hands, with the Starlight Sisters, Ann and Teenie. The program will be given Tuesday, February 22, at 7:30 p. m. at the Neinda community center.

Adults tickets will be 50 cents and children's tickets 25 cents. High school students may purchase tickets in advance for 25 cents.

The snack bar will be open, with sandwiches, doughnuts, coffee and pop for sale, club leaders state.

### Hamlin Hosts Meet of Area Cafeteria Group

Hamlin Schools were hosts Monday night to members of the Tri-County School Lunchroom Association, when 55 representatives from area schools attended. In the district are the schools at Anson, Stamford, Rotan, Lueders, Aspermont and Hamlin.

Martha Buttrell, district supervisor of school lunch rooms for the State Department of Education, of Lubbock, was speaker at the conference. Her topic was "Lunch Rooms Are Not Filling Stations."

Next meeting of the tri-county organization will be April 19 with the Anson schools, according to B. V. Newberry, supervisor of the Hamlin cafeterias.

among those showing the fine livestock. Hamlin 4-H Club boys, under the supervision of Bill Lehmburg, county agent, and Hamlin FFA boys, under the leadership of T. C. Blankinship and Harold V. Eades, have primed their animals and birds for weeks for the show.

A check-up this week revealed that Hamlin area boys have posted a big percentage of the total entries in the show. Of the 25 fat steer entries, 17 are from Hamlin; of the 22 dairy breed entries in the show, nine will be from Hamlin; in the breeding swine classes, 44 have been entered and 13 are from the Hamlin area; in the fat hog section 20 of the 48 entries will be from Hamlin.

In addition to the \$1,200 in cash awards for the show provided by the Anson, Hamlin and Stamford Chambers of Commerce, other individuals and institutions are providing the grand champion trophies. These have agreed to furnish trophies: Hamlin Lions Club, hogs; Ray Marks and B. D. Rowland, dairy cows; Sam Baize, beef animals; Hawley Chamber of Commerce, breeding hogs; Anson Lions Club, sheep; Lueders Chamber of Commerce, capons; Hamlin Rotary Club, steers.

### February 25 Is Date for Supper at McCaulley

Date for the chili supper being sponsored by the McCaulley Home Demonstration Club, which was last week announced for February 15, has been rescheduled for next Friday evening, February 25.

The supper will be served in the McCaulley School gymnasium beginning at 5:30 p. m., and proceeds from the supper will go for a club project. Plates will be 35 and 75 cents, club leaders declare.

### SPREAD PLANTINGS.

Extension horticulturists advise gardeners to spread their spring vegetable plantings so the harvest season will be extended over the longest possible time and to plant a wide variety of vegetables.

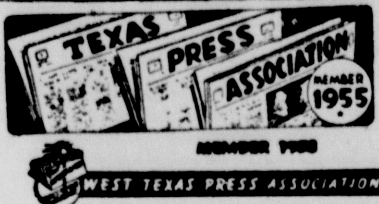

# HAMLIN HERALD

 Any erroneous reflection upon the character of any person or firm appearing in these columns will be corrected, gladly and promptly, upon its being brought to the attention of the management.

## CIRCULATION AND READERSHIP ARE DIFFERENT

What is the difference between circulation and readership in a newspaper? There is a difference as vast as the contrast of night and day in the meaning of these two words—circulation and readership.

Big daily newspapers make bold boasts of their enormous circulation is a certain area, but their proofs of readership do not enter the picture. A business man, for example, gets a morning and evening edition of a paper thrown at his office and the same at his home. The publishers claim a circulation of four there; but we challenge that the business man reads over three columns of the paper a day—he reads the headlines, a few front page articles, then turns to the sports for an item or two about his favorite athletic teams.

We rise to contend that readership in The Hamlin Herald is nearly 100 per cent, because nearly everybody mentioned in Your

Home Town Paper is known by the reader; therefore, he is concerned with practically every item in the paper each week. This fact makes advertising in the small town paper so much more valuable to the advertiser.

Circulation, when speaking of newspapers, is a word used to describe the number of copies printed and placed into the mails or on carrier routes of each regular edition.

Readership, by contrast, is something a good deal more intangible. The two words have relationships, but are in no wise synonymous. The Herald, for instance, maintains a subscription list that is absolutely up-to-date. If a person quits sending in money to cover the cost of his subscription, he ceases to be mailed a paper. The fact that nearly 1,600 subscribers of The Herald are willing to pay for their paper means they want it and will read it.

Circulation without readership means very little.

## The Laughing Place

About the only true "can't" we know of is this: "You just can't predict what can't be done." A newspaper once thought it could, and in 1876 editorialized thusly: "Well informed people know that it is impossible to transmit the human voice over wires . . . and hat, were it possible to do so, the thing would be of no practical use or value."

A famous mathematician, too, "proved" that it would be impossible to fly a heavier-than-air craft, and people refused to believe that the Wright brothers had done it.

To ridicule the theory of "it can't be done" a large manufacturer not long ago posted the following placard where all the workers might see it:

According to the theory of aerodynamics, the bumblebee is unable to fly. This is because of the size, weight and shape of his body in relation to the total wingspread make flying impossible. But the bumblebee, being ignorant of all these scientific truths, goes ahead and flies anyway!

After thinking it over, we have decided there must be a very special laughing place where all the people who have done what could not be done go to do their laughing. Such men as Christopher Columbus, Jules Verne, Alexander Graham Bell, Thomas Edison and Wilbur Wright must have an especially good time laughing over impossibilities, particularly over that little item about the telephone never being of any particular use or value!

## Pushing Ahead

Early in December, a power company asked permission from the Federal Power Commission to build a new \$87,000,000 hydro-electric plant in Montana.

What gives this national significance is that it is another illustration of the fact that tax-paying, publicly-regulated private enterprise is capable of constructing any needed power installation, no matter how big and expensive.

All over the country, the utilities are pushing ahead with major construction and betterment programs—or are awaiting official permission, as in the case of huge projected developments in the Snake River in Idaho and the Niagara in New York.

We don't need tax-devouring, freedom-killing socialized electricity, or any other brand of socialism.

If you have great talents, industry will improve them; if moderate abilities, industry will supply their deficiencies. —Sir Joshua Reynolds.

There will be no true freedom without virtue, no true science without religion, no true industry without the fear of God and love to your fellow citizens. —Kingsley.

## Never Touched His Heart

Among the students of one of our well known colleges some years ago was a young man who was obliged to walk with crutches. He was a stumbling, homely sort of human being, but he was a genius for intelligence, friendliness and optimism.

During his four years in college, this crippled young man won many scholastic honors. During all this time his friends, out of consideration and respect, refrained from questioning him as to the cause of his deformity. But one day his pal made bold to ask him the fateful question.

"Infantile paralysis," was the brief answer.

"Then tell me," said the friend, "with a misfortune like that, how can you face the world so confidently and without bitterness?"

The young man's eyes smiled, and he tapped his chest with his hand. "Oh," he replied, "you see, it never touched my heart!"

## Editorial of the Week

### OPEN DOOR TO GOOD GOVERNMENT

It has been said that it is the duty of the press to keep the doors of public office open; to see that public officials remain public in every sense of the word. For this purpose, this country has created and maintained a free press.

The press of Texas, shocked by the magnitude of proven corruption in one of our Texas counties within the past year, is currently waging a battle to correct a number of basic deficiencies in Texas statutes which would prevent another such occurrence of abuses and violations as in Duval County.

The Texas attorney general's office, in conducting investigations in Duval County, found a fantastic conglomeration of almost all the defects and malfeasances possible in any Texas county. Duval County has been a testing ground for the weaknesses of our state laws.

A major obstacle confronting Duval County citizens in correcting a situation which they knew was wrong was their inability, under Texas laws, to remove office-holders who refused to reveal public records or who stood on the fifth amendment in refusing to answer questions about their conduct of office.

Such refusals should be statutory grounds for removal from public office. Public records cannot be private property under a democratic form of government. Free and ready access to public information is vital to this government.

Texas is badly in need of a statute requiring the publication of the financial statements of all offices, boards, agencies and commissions on all levels of government. A total of 13 bills, which have been or will be laid before the Legislature, are designed to correct most of Texas' "loophole laws" regarding the conduct of public office. —Dublin Progress.

## RECALLING Other Years

★ Being news items taken from old files of Your Home Town Newspaper The Herald

### TWENTY YEARS AGO.

From the issue of The Hamlin Herald dated February 15, 1935, the following items of interest of 20 years ago are reproduced:

Mrs. A. E. Pardue was called to Amarillo Monday to be with her son, who is seriously ill.

Mrs. C. C. Prater was hostess to members of the Oriental Club Thursday afternoon. Attendees for the bridge play were Mmes. J. P. Morgan, B. L. Jones, George Howard, R. H. McCurdy, B. W. Nobles, A. E. Pardue, J. F. Taylor, A. D. Ensey, Q. Martin, J. T. Bynum, Arche Pardue, Tom Neely, and Mrs. J. D. Parnell of Wichita Falls.

Mary Nelle Both and Edwina Gilbert will present their speech and piano pupils in a recital Monday evening. Participants include: Mary Marguerite Nobles, Milton Fletcher, Jimmy Clements, Laura Jeanne Crabb, Burt Fuller, Verna Mae Colwell, Carolyn Beane, Barbara Lou Young, Betty Lou York, Margaret Ruth Ryan, Marion Talley, Dan Holdridge, Patsy Jean Hamilton, Katie Jane McClellan, Wanda Ruth Swink, Naomi Ruth Young, Winnie Faye Hassen, Dick Elam, Anna Margaret McBride, Jerry Frank Waggoner, Joan Culbertson, Earl Roy Stevens, Billy Faye Rountree, Lanelle Carlton, Joyce Hudson, Marian Martin, Maxine Brundage and Harold Fletcher.

### TEN YEARS AGO.

Among items of interest in the Hamlin community 10 years ago were the following, reprinted from the issue of The Herald dated February 16, 1945:

Frances Nichols and Geraldine Brown of Plasterco have entered the nurses training school at Hendricks Memorial Hospital at Abilene.

Mrs. and Mrs. Claude E. Stuart announce the marriage of their daughter, Gloria, to Edward C. Prock of Paris.

Martin McCain, formerly of Hamlin and now connected with the First National Bank of Houston, renews his subscription to The Herald.

J. W. Cundieff, pastor of the Calvary Baptist Church, announces a revival meeting will begin at the church Sunday.

Mr. and Mrs. E. F. Faurey, accompanied by M. A. Faurey and family of Rotan, spent Sunday in the home of Weldon Johnson and family at Sagerton, celebrating the second birthday of their grandson, Bob Johnson.

Haskell Carter was elected president of the Hamlin Chamber of Commerce at a meeting of the board of directors Tuesday morning.

### FIVE YEARS AGO.

Among news items of interest in the community five years ago were the following, reprinted from the issue of The Hamlin Herald dated February 17, 1950:

B. M. Brundage has announced that he will be a candidate for mayor of Hamlin in the forthcoming city election. Mayor Holly Toler had said he would not seek the place again.

Annual father-son banquet of the Future Farmers of America chapter at Hamlin High School has been set for Tuesday night according to T. C. Blankinship, VA teacher.

Cast of characters for the junior class play, scheduled for March 24, is composed of Rose Brady, Joy Maynard, Donald Green, Billy Newland, W. L. Fletcher, Dorothy Altum, Harold Johnson, Asa Goodgame, Maxine Smith, Donald Johnson, Billy Sutherland, W. T. Stapler, Don Rowland, Jerry Carr, James Brigham, Oleta Kite, Garland Fletcher, Ronald Armstrong, Douglas Wolf and Beth White.

Eddie Jay was elected president of the Hamlin Chamber of Commerce at a meeting of the board of directors Tuesday morning.

### ONE YEAR AGO.

Among items of interest in the community a year ago were the following, reprinted from the issue of The Hamlin Herald dated February 19, 1954:

Nearly 400 are expected to attend the annual banquet of the Hamlin Chamber of Commerce Friday night. CC officials announced this week.

Further growth of the Hamlin section is reflected in gains in the scholastic count being completed by Hamlin Schools. Total of 1,081 had been enumerated this week, compared with 1,048 at the same time last year.

New four-lane traffic lanes have been painted on Central Avenue with completion of the new system of parallel parking on the street. Hamlin has been assigned a quota of \$1,741 in the Red Cross campaign scheduled to get underway March 4.

## Livestock Population of Nation Climbs But Most Market Prices Remain Steady

Announcement by the Department of Agriculture that the cattle population had climbed to some 95,433,000 head on United States farms and ranches on January 1 was not unexpected at Fort Worth, declares Ted Gouldy, special market reporter for The Herald, in his weekly release. This is 646,000 more than a year ago.

Livestock men at the market had suspected this was the case as shipments of cows and heifers had declined in the past 90 days at all markets. Fort Worth is at the cross-roads between the Eastern third of Texas, a section of the country that has had tremendous gains in cattle population in recent years, and the Western two-thirds of the state, most of which has seen drought decimate cattle and sheep numbers.

Here are the figures released Monday by USDA officials from Washington:

Current cattle population is estimated at 95,433,000; a year ago it was 94,787,000; in 1953 it was

93,637,000. The average 1944-53 was 82,917,000.

Currently estimates of cows, two-year-old or over for milk are 24,408,000 head; against 26,675,000 a year ago. A decline of 267,000 head and this decline was very evident at Fort Worth because of the heavy numbers of "marginal" or unprofitable milkers that went to market as raw milk prices sagged. In 1953 the dairy herd was 24,094,000; and the 1944-53 average was 25,135,000 head.

All classes of cattle and calves drew strong to steady prices Monday at Fort Worth. Choice fed steers topped at \$24, and fed heifers for \$22.75; cows drew \$7 to \$13.50, and bulls cashed at \$10 to \$14. Fat calves drew \$15 to \$21, lower grades \$10 to \$14. Stocker steer calves sold from \$22 down, and good grade feeder steers sold at \$21 down. Replacement cows drew \$8 to \$13.

The USDA report released Monday shows the sheep population of the nation again lower. Numbers on farms and ranches January 1 were estimated at 30,931,000, a decline of 287,000 below the estimate a year ago of 31,218,000 head. The 1953 figure was 31,861,000, and the average 1944-53 was 36,685,000 head.

Further reduction in Texas flocks in the western part of Texas has been obvious at Fort Worth in the past season, and failure to get grain field grazing in some sections of Central West Texas counties lowered numbers compared with a year ago. However, a steady increase in flocks in Central and East Texas has shaved some of the loss.

## Heavy Infestations of Lice on Livestock Noted in Area, and Agent Gives Remedy

Cattle and swine and poultry throughout the county are being plagued with heavy infestations of lice at this time of year, declares County Agent Bill Lehmborg. He urges all producers to check all stock, and the following control measures are recommended:

**Lice on Beef Cattle**—Spray one-half pound of 50 per cent wettable DDT powder to five gallons of water or 4 1/4 teaspoons of 25 per cent lindane emulsifiable concentrate to five gallons of water.

**Lice on Swine**—One-half pound of 50 per cent wettable DDT to five gallons of water or 2 1/4 teaspoons of 25 per cent lindane emulsifiable concentrate to five gallons of water.

**Lice on Dairy Cattle**—One-half

pound 50 wettable methoxychlor to five gallons of water.

Application should be repeated in three weeks on all of the above recommendations if needed.

**Lice on Poultry**—One per cent lindane perch paint, or spray inside of house with 4 1/2 teaspoons of 25 per cent emulsion lindane to five gallons of water.

Dust birds with one part sodium fluoride mixed with two parts of diluent—or use a good commercial lice powder.

Circular 324 entitled "Guide for Controlling External Parasites of Livestock and Poultry in Texas" is available free at the county agent's office for those who would like a copy.

## Sixth Graders Enjoy Colorful Valentine Party at Junior High

Members of the C section of the sixth grade at Hamlin Junior High School enjoyed a Valentine party Monday afternoon at the school. The home room teacher, Mrs. C. Weldon Griggs, and the room mothers, Mrs. Albert Haught and Mrs. Alvis Bond, hosted the party.

Refreshments were angel food cake in pink cups, topped with red hearts, and pink frosted punch. The room mothers presided at the punch bowl. At the opposite end of the serving table was a beautiful Valentine box covered with red velvet paper decorated with white lace hearts.

The table was centered with a white Valentine tree decked with a big red and white net heart mounted on red styrofoam with white carnations bursting through the heart was on the desk. The front and back bulletin boards were covered with silver foil bordered with red silhouettes of George Washington. On the library shelf there was a pink and red spiral heart nestled in white lace doilies and pink roses. The same motif was used in the center of all three windows. The panels flanking the blackboards were covered in silver foil decorated with gold lace doilies centered with red hearts.

Several students of the class passed out the Valentines, red fringed napkins with white bows centered with silver hearts, and served the cakes and punch.

For entertainment Nina Jean, Janice Richardson, Sarabeth Powell and Janice Ueckert sang "As Far as I'm Concerned." Patricia Blankenship and Sarah Snapp sang a song, "On Moonlight Bay." Different students in the room took records, and Jesse Kelly served as disc jockey.

## WOLF TRAPPER

(concluded from page one)

livestock and poultry in the rural areas. He will operate under the direction of the federal wildlife bureau and Texas A. & M. College extension service. In the county he will be assisted by the office of County Agent Bill Lehmborg. Knight, in assuming the new place, explained that he will operate only on the property of owners who give him written permission. He will erect signs of warning in areas where he is operating as precautionary measures for livestock owners.

Farmers and ranchers desiring Knight's services are asked to contain the trapper or Bill Lehmborg, county agent.

## Water Filtration Plant Accepted by Hamlin Officials

The \$65,900 water filtration plant that will more than double the water filtering facilities of the City of Hamlin was accepted and final payment approved for Norcross Construction Company of Snyder, contractor for the job, at a special called meeting of the City Council Friday morning.

Contract for the plant was let last April, and original completion date was set for September 15. Final inspection was made by an engineer of Freese & Nichols, engineering firm which designed and supervised construction of the big plant two weeks ago.

In presenting a letter of approval to the City Council, the engineering firm declared that the new plant met all contract specifications, and a good job was done by Norcross.

The plant has been in operation for several days. Bill Rountree, city water superintendent, says the plant will greatly relieve the overtaxed filtration system that

## Funeral for Sylvester Pioneer, R. L. Norris, Pending Son's Arrival

Funeral services for a pioneer of the Sylvester community, 12 miles southwest of Hamlin, who died late Wednesday, were pending the arrival of a son from California.

Norris, a farmer who had lived for many years just south of the town of Sylvester, had been in failing health for the past year. He was a long-time member of the Church of Christ.

The 72-year-old pioneer is survived by his wife of Sylvester; two daughters, Mrs. Ruth Botts of Austin and Mrs. W. T. Lawlis of Sylvester; two sons, J. L. Norris of Mathis and H. G. (Bill) Norris of Oceanside, California; and eight grandchildren.

## FIRST AID FOR FURNITURE.

One furniture wax comes packaged with a tube of a material that helps restore a table surface that has been marred by heat marks, white rings and burns.

has been hard-pressed during peak summer months to filter enough water to supply the city.

## SHE USED HER HEAD.

A woman with six children recently boarded a local train. On taking their position in the car, the oldest child lay down on the seat and the other five sat on top of him.

When the conductor came to them, the woman gave him one full fare ticket and said, "The oldest child is under five."

## HEART KILLS YOUNG, TOO.

Of the 800,000 persons who die from diseases of the heart, about one-third are below the age of 65, reports the Texas Heart Association.

## RELIEF AT LAST For Your COUGH

## MARKET REPORT

(concluded from page two)

Fat woolled lambs topped at \$21.50 the best price in some weeks at Fort Worth Monday. A string of club lambs from Motley County sold at \$20, including many heavyweights. Feeder lambs sold around \$20 and below. Old ewes cashed at \$6 to \$8.

The USDA report on swine population of the nation on January 1 reveals an increase over a year ago of some 6,442,000 head. The department estimated the current swine population on farms at 55,003,000 head, against a total of 48,560,000 a year ago.

The 1953 total was estimated at 54,294,000 and the 1944-53 average was estimated at 51,168,000 hogs.

Hogs topped at \$17.50 at Fort Worth Monday on par with the lowest levels in two years here. Shows drew \$13 to \$16, steady to 50 cents higher than the close last week.

## Young People of Faith Methodist Church in Novel Meet Sunday

After a series of studies on India, Pakistan and Ceylon, young people of the Faith Methodist Church assembled at the parsonage home of Rev. and Mrs. Orion Lewis Sunday afternoon to hold a "stuntzbad" conference as it is carried out annually in Pakistan.

Indian games were enjoyed, and the site was decorated with native flags and streamers.

At the supper hour guests sat on the floor to eat biriani, bhujia, chapattis and fruit prepared by members of the Woman's Society of Christian Service.

A welcome to the conference was extended by Mrs. Lewis, after which Psalms were read by Gerald Don Renfro and Kenneth Lawlis. Mrs. O. R. Criswell reported on educational progress of India, and the conference was closed by Rev. Lewis as he showed pictures and told of his experiences while at Calcutta and Karachi, India.

## Statistics on Polio Feature Program At Meeting of Good Neighbor Club

Charlene Joiner was elected as new president of the Good Neighbor Home Demonstration Club when the women met last Tuesday afternoon at the Nienda community center. She replaces Adele Kelly, who resigned.

Program for the day opened with a game directed by Doris Westmoreland. Roll call was answered, and the minutes were read by Viva Joiner, the secretary. The treasurer, Oleta Hodnett, presented a new budget plan for the 1955 club year, and the club voted to follow this plan.

Discussions and plans were made for the Good Neighbor Club

## Mrs. Poe Reviews Book at Meeting of Beta Theta Members

Mrs. Austin Poe, social director of Beta Theta chapter of the Beta Sigma Phi sorority, presented the program at the Thursday afternoon meeting of the group. Mrs. Poe reviewed the book, "The Greatest Thing in the World" by Henry Drummond.

Mrs. John E. Taylor was hostess to the group in her home at 26 Northwest Avenue E. During the business meeting, conducted by Mrs. S. C. Ferguson Jr., a report on the progress of the community recreation program was given. The sorority will help on the drive and make posters to be put out in business houses downtown. A report on the Beta Sigma Phi state convention in Dallas was read.

Next meeting of the sorority will be in the home of Mrs. Vernon Townsend, with Mrs. W. F. Martin reviewing a book.

Individual strawberry pies and coffee were served to Mmes. Earl Smith, Garland Preston, Ed Boaz, Bill Feagan, E. J. Hawkins, W. F. Martin, Gerald Young, Vernon Townsend, Arlie Cassle, W. T. Johnson, Howard McHaffey, Jerry Waggoner, George Poe, E. D. Perrin, Weldon Carlton, Jim Ballard, S. C. Ferguson Jr., C. W. Griggs, John E. Taylor, Austin Poe and Miss Pat Maberry.

little bodies what may become the answer to the long-sought question of how to prevent crippling polio—the new polio vaccine.

Hostesses for the Tuesday meeting were Adele Kelly and Charlene Joiner. Refreshments of cake and coffee were served to 16 members present.

Next meeting of the Good Neighbor Club will be February 22, with the county agent, Jimmie Wainwright, giving the demonstration on "Breakfast for the Family." Hostesses will be Lila Weaver and Ruby Scarborough.

## Soil Conservationist Talks and Shows Pictures of Work in Hamlin Territory

Charles Hewitt, conservationist of the California Creek Soil Conservation District, was speaker for the afternoon when members of the Fifty-Two Study Club met in regular meeting Thursday afternoon. Hostesses were Mrs. W. C. Westbrook and Mrs. B. O. Bell.

Hewitt explained the value of practicing conservation, then he showed slides to prove his points. Several farms in and around Hamlin were included in the demonstrations shown in the pictures, making it particularly interesting to the women.

Mrs. Noel Weaver was elected to represent the Fifty-Two Study Club as a board of the community recreation planning committee and Mrs. W. O. Wilbanks was elected as an alternate board member.

Mrs. Gerald Young, Mrs. W. F. Martin, Mrs. Dean Witt, Mrs. L. E.

## Mrs. Joe Allen Dean, Recent Bride, Honored At Gift Tea Saturday

Mrs. Joe Dean, nee Allene Reynolds, was honored at a tea in the home of Mrs. J. S. Norton Saturday evening from 7:00 to 9:00 o'clock. Co-hostesses were Mrs. Joe Dillingham, Mrs. O. C. Freeman, Mrs. W. C. Emberton, Mrs. I. R. Huchingson and Misses Odean Murphree, Norma Garrett, Joye Bigham and Mary Sue Warren.

Receiving guests at the door were Mrs. Norton; Mrs. Dean the honoree; Mrs. Raleigh Reynolds, mother of the bride; Mrs. Faye Dean, mother of the bridegroom; and Lusara Dean, sister of the bridegroom.

Red and white carnations in a sweet heart arrangement centered the tea table, which was covered with a white imported lace cloth over red taffeta. Mrs. Larry Reynolds, sister-in-law of the bride, ladled punch from the crystal bowl, and Misses Norma Garrett and Joye Bigham served the cake.

Coleen Hill of Abilene presided at the register, where guests registered in a hand-made lace and satin heart-shaped bride's book.

Amanda Freeman presented piano music throughout the evening for the large number of guests who attended.

## Larry Floyd Honored At Party on Birthday

Grandson of Mr. and Mrs. N. A. Putnam of Hamlin and grandson of Mr. and Mrs. H. R. Floyd of Rotan celebrated his fifth birthday on February 15 in the home of his parents, Mr. and Mrs. Garland Floyd.

Games were played and refreshments were served to attendants. Also spending the day in his home were Mr. and Mrs. D. O. Putnam of Hamlin, who are soon moving to Walnut Springs. Friends of Larry enjoyed the afternoon.

## Bluebird Girls Work On Scenery for Stage

Work on the stage scenery for the Camp Fire Girls hut was continued when members of the Roblin's Kin Bluebird group met Tuesday afternoon at the hut in West Hamlin.

Mrs. Henry Albritton served refreshments to the girls following their work session.

The meeting was closed by the group making a friendship circle and singing "Singing Your Way Home."

### PILLOWCASE TIP.

Pillow cases usually go two to a bed, so why not fold a matched set when you do your ironing—quick to locate in the closet?

## "Hot Flashes Stopped" or strikingly relieved

in 63-80% of cases in doctors' tests. If you're miserable from the "hot flashes," and accompanying irritable, restless feelings of "change of life," you may be suffering unnecessarily!

"For... in tests by doctors," Lydia Pinkham's Compound and Tablets brought relief from such functionally-caused suffering to 63% and 80% (respectively) of the women tested! Complete or striking relief!

Yes! Research has proved these medicines thoroughly modern in action... has shown you where to go for relief from those distressing, nervous, "out of sorts" feelings of mid-life "change!"

So... get Lydia E. Pinkham's Vegetable Compound—or new, improved, tablets with added iron! Wonderful, too, for the functional pains of menstrual periods.

It acts through a woman's sympathetic nervous system to relieve distress of those awful "hot waves!"

Previtt, Mrs. W. S. Seals and Mrs. W. Wallace represented the club as assistants in the National Dental Health Week activities last week in the Hamlin Schools. Drs. W. S. Seals and J. W. McCrary examined all the school children's teeth.

New officers to lead the club next year. Named were the following: Mrs. Wilson Brannon president; Mrs. Dean Witt, first vice president; Mrs. Noel Weaver, second vice president; Mrs. Gerald Young, recording secretary; Mrs. Delma Shelburne, corresponding secretary; Mrs. B. O. Bell treasurer; Mrs. Cecil Sellers, parliamentarian; Mrs. W. Wallace federation counselor; Mrs. Joe League, executive board member; Mrs. W. S. Seals, chairman of the board; and Mrs. Gene Westmoreland, reporter and historian.

Dr. M. L. Smith and Mrs. Joe Stephens, county school nurse will be guest speakers at the regular meeting February 18.

## Phebean Class Group Meets Tuesday in Carl Meyner Home

Members of the Phebean Sunday School Class of the First Baptist Church met last Tuesday evening in the home of Mrs. Carl Meyner for a regular monthly social and business meeting. Mrs. Tom Routh was co-hostess.

Mrs. Fred Young presided in the absence of Mrs. S. C. Ballew, president. Monthly reports were read by Mrs. D. J. Herbst, following an opening prayer by Mrs. Routh.

Mrs. Tate May brought the devotional based on "The Heart," scripture from Proverbs 7:27. Mrs. May presented each with a Valentine heart with a verse from the Bible.

Following the program, games were played and enjoyed by the attendants. Refreshments plates of heart-shaped sandwiches, potato chips individual cherry pie topped with whipped cream, tea and coffee were served.

Present were Mmes. Tom Hill, J. W. Hines, A. Spencer, Fred Young, D. J. Herbst, George Campbell, Tate May, Charlie Sellers, Tom Routh, Hill Smith, members; and two visitors, Mmes. J. Ubben and Frank Brunette.

Next meeting of the class group will be March 3 in the home of Mrs. S. C. Ballew, with Mrs. A. O. Tindall as assisting hostess. Mrs. A. Spencer will present the devotional.

## Dannie Maberry Has Eighth Birthday Party

Dannie Maberry, son of Mr. and Mrs. J. W. Maberry, celebrated his eighth birthday on February 10 with a party for friends.

Those celebrating with him were Jack Townley, Danny Kelly, John R. Laffler, Tanya Lawson, Roger Bell, Doyle Bell, George Smith

Windy Kay Russell, Kay Millhorn, Ronnie Lee, Larry Butler, Michael Sabington, Marilyn Reynolds, Carolyn Reynolds, Christy Wallace Holman Jones, Mike Shivers, Barbara Butler and Gary Don Maberry; and these from out-of-town: Ann Kemp, Davy and Phillip Maberry and Betsy Ann Maberry of McCaulley, and Butch Stephens of Anson.

We have found that it is much easier to make promises than to carry them out.

## Pied Piper Tracksters Begin Workouts with Fair Outlook

### Early Reporters To Be Joined by Cagers Next Week

Work-outs of track and field aspirants at Hamlin High School began several days ago, reports Coach Vernon Townsend, who says that prospects for the Pied Piper tracksters are looking fair for the 1955 season.

Scheduled to join the early reporters for practice are members of the basketball crew who are winding up their cage play for the year next Tuesday night when they meet the faculty loopers.

Seven boys are already running their paces to limber up the old bones that have laid dormant for the winter. They are Kenneth Hewitt, Douglas Ford, W. H. Hallmark, Wayne Fletcher, Billy Norton, Bennie Watson and Jackie Drummond.

Townsend said Wednesday that he expected four or five more to report for track from the basketball squad next week.

The Pipers have a tough schedule on their track menu for this year. The schedule is found in another column of today's Herald.

Education being what it is, it is hard to understand why so few students like school.

### Canyon Reef Relays Tops Schedule for Pied Piper Tracksters

With close of the basketball season at Hamlin High School major sport interest turns to the track and field picture. A complete schedule is expected to be completed within a few days, according to Vernon Townsend, head coach.

The schedule thus far arranged follows:

March 12—Canyon Reef Relays at Snyder.  
March 19—Open.  
March 26—Bluebonnet Relays at Brownwood.

April 2—Brady Relays at Brady.

April 6 (Wednesday)—District 11-A track meet, location for which has not been determined.

April 23—Regional track meet at Brownwood.

May 7 and 8—State track meet at Austin.

### Faculty and Pipers to Play Tuesday Night

Annual basketball classic between the Hamlin School faculty and the Hamlin Pied Pipers is slated to wind up the basketball season in Hamlin. The tilt will be played in the Junior High School gymnasium Tuesday night.

With several former cage stars on the fighting faculty five, the younger Pipers are expected to have their hands full. However, the youngsters hope the "old fellows" will run out of wind before many minutes' time shall have elapsed in the tilt.

Some forms of heart disease can be prevented and a few can be cured, according to your Texas Heart Association, sponsor of the 1955 heart fund.

### ITCH NO MORE, IN 15 MINUTES.

IF NOT PLEASED, YOUR 40c BACK at any drug store. Use easy-to-apply ITCH-ME-NOT to allay the itch of eczema, athlete's foot, ringworm, poison ivy, insect bites. Feel the relief in 15 minutes or your money back at Howard City Drug.

## Stamford Boys and Colorado City Girls Win District Meet

Stamford Bulldogs and the Colorado City girls took top honors in the District 4-AA basketball tournament held over the week-end at Stamford. Final games were played Tuesday night.

Stamford tucked away its third straight 4-AA—and the second straight without a loss in district play—with a 70 to 49 victory over the Colorado City Wolves in the tournament finals. The Bulldogs had already won the round robin with seven wins and no losses.

Stamford had defeated Anson 82 to 38 Monday night to gain the finals, while Colorado City had trimmed the Hamlin Pied Pipers 48 to 45.

As a first-round game of the tournament, the Pipers had eliminated the Rotan Yellowhammers Friday night to the tune of 41 to 34 in a game played at Hamlin.

Charles Coody, Stamford's all-state candidate, led the Bulldogs with 19 points but was second to Colorado City's Don Simmons, who bucketed 21 markers.

Colorado City's girls came from behind a 29 to 28 third quarter deficit to defeat Rotan 41 to 39 in the girls' finals.

### Hamlin Pipers Lose in District Cage Tournament to Rotan

In a district tournament game Friday night between Hamlin and Rotan, the Rotan girls won over the Hamlin Pipers by a score of 38 to 29. The score was very close throughout the game, with Rotan leading most of the way.

High point scorers for Hamlin were Pat Stuart with 14 and Helen Johnston with 11 points. Janie Hargrove was high pointer for the Rotan girls with 22 points.

The score by quarters:  
Hamlin ..... 6 16 22 22  
Rotan ..... 12 15 29 38

## Missions Will Be Topic of Baptist Gathering Tuesday

"Missions, Our Mission" will be the theme of the February meeting of the workers' conference of the Jones County Baptist Association when it convenes next Tuesday with the First Baptist Church at Anson, Baptist leaders revealed this week.

Representatives from the 27 Baptist congregations in the county will gather for supper at 6:00 o'clock in the basement of the Anson church. The program will begin at 7:00 o'clock.

Pastor James Easterwood and his congregation will serve the supper to attendees.

Complete program for the evening follows:

5:00—Executive and Woman's Missionary Union board meetings.

6:00—Supper.

7:00—Song and praise service, directed by Gayle Bowen of Hamlin.

7:15—Recognitions and announcements.

7:30—"Youth at Work in Devotional Arts," Bethel Girls' Auxiliary.

7:40—"Youth at Work in Royal Ambassadors," Oak Grove (colored) RA chapter from Hamlin.

8:00—"Youth at Work in the YW," Anson YWA.

8:20—Special music, Noble Calida, teacher at DePriest Colored School, Hamlin.

8:25—Message, Bobby Vann of Wylie Baptist Church, Sweetwater Baptist Association.

9:00—Adjourn.

### Hamlin Boys and Girls In Aspermont Tourney

Both boys' and girls' basketball teams were participating in the Aspermont invitational basketball tournament this week at Aspermont. The tourney was in celebration of the completion of the big \$80,000 gymnasium at that neighbor city to the north.

Coach John Taylor's boys' team was slated to meet the Sterling City boys last night (Thursday) at 9:00 o'clock. The girls' team under coaching of Dora Mitchell was due to meet the Aspermont girls last night at 7:30.

When you're overweight, your heart overworks, reports Texas Heart Association, now conducting the 1955 Heart Fund campaign.

## Concern About Blood Pressure and Its Effect on Health Revealed by Doctors

Hamlin area people and those of the rest of the country more and more are becoming concerned with high blood pressure and related symptoms that vitally affect health of the day.

Blood pressure—what does it mean? Nothing more, says State Health Officer Henry A. Holle during this annual observance of heart disease control, than a measure of pressure against artery walls as blood courses through the body.

Everyone's blood pressure, according to the explanation, is highest when the heart pumps a fresh load of blood into elastic-walled arteries, and lowest when the heart pauses between beats for refilling. The high level is systolic, the low is diastolic pressure.

Physicians measure blood pressure by wrapping an inflatable rubber cuff around the patient's arm. When air is pumped into the cuff a column of mercury is forced into a glass tube. The height to which it climbs indicates the pressure inside the cuff and the compression brought against blood vessels in the arm.

Then, using a stethoscope, the physician determines systolic pressure by listening to the sound produced by blood flowing through the artery when the pressure in it is just above that in the cuff. The characteristic change of sound at the diastolic level is easily recognized by the physician.

No clear-cut line can be drawn between "normal" and "abnormal" blood pressure, the health official emphasizes.

"But it is generally agreed that a systolic pressure exceeding 140 or a diastolic pressure above 90 deserves further checking."

Although age does not bring an automatic increase in blood pressure, high pressure, called hypertension, is most common in middle or advanced years.

Like temperature, high blood pressure is only an indication of certain diseases, rather than a disease itself. Only a physician, after careful study, can determine what it means.

Blood pressures vary greatly in the same person—during illnesses and emotional stress, and with rest

and sedative medicine. High blood pressure is often due to hardening of the arteries, kidney infections, brain or gland tumors, or to heart defects.

Symptoms of all types of high blood pressure are similar, although in many cases there are no symptoms. Headache is common, usually a pounding at the back of the head. Other signs include dizziness, fatigue, irritability, loss of memory, or heart pain.

Many of these symptoms may occur in people with normal blood pressure, so they are not automatically indicators of blood pressure irregularity.

Uncomplicated hypertension need not be a serious problem. Patients often live long and active lives with good medical management of their condition. And the best way to prevent complications is to be completely examined periodically by a physician.

"That's a smart health habit for anyone to acquire," Dr. Holle concluded.

### A LINE ON PRIVILEGE.

A certain Moscow citizen stood in so well with the party that he was granted a permit which, among other things, allowed him to buy a railroad ticket without having to stand in line for it. One day he went to the railroad station and presented his precious permit.

"Get in that line over there," he was told.

"But," protested the privileged citizen, "this permit allows me to buy a ticket without standing in line."

"I know that, comrade," rejoined the station agent, "and that is the line for people who don't have to stand in line to buy tickets."

## Hamlin Area People Give to Heart Fund, Regional Leaders Say

Numbers of Hamlin area people have "had a heart" to give to the 1955 Heart Fund, regional leaders have declared.

During the first two weeks of February, Texas contributed more \$200,000 to the 1955 Heart Fund to be used to combat the nation's No. 1 killer, it has been announced by Dr. W. R. White, Texas Heart Fund chairman and president of Baylor University.

Dr. White emphasized that, although reports have not yet been received from all of the local heart association affiliates throughout the state, more than \$200,000 in contributions already have been reported.

The annual Heart Fund campaign for funds to be used in research, education and community heart programs will continue till March 1, the state chairman said.

Dr. White, with whom Governor Allan Shivers and Attorney General John Ben Shepperd are serving as co-chairman, pointed out that contributions to the 1955 Heart Fund may be made to local heart association chapters, or may be mailed to "Heart," care of the postmaster of any Texas community.

**BAND LEADER'S FATHER ILL**  
Word from San Angelo Thursday morning was that J. H. Parrish, father of High School Band Director Jess Parrish, was preparing to undergo major surgery later Thursday. The 54-year-old farmer has been seriously ill about a week. The local musician has been with his father for several days.

## Get a proved V-8

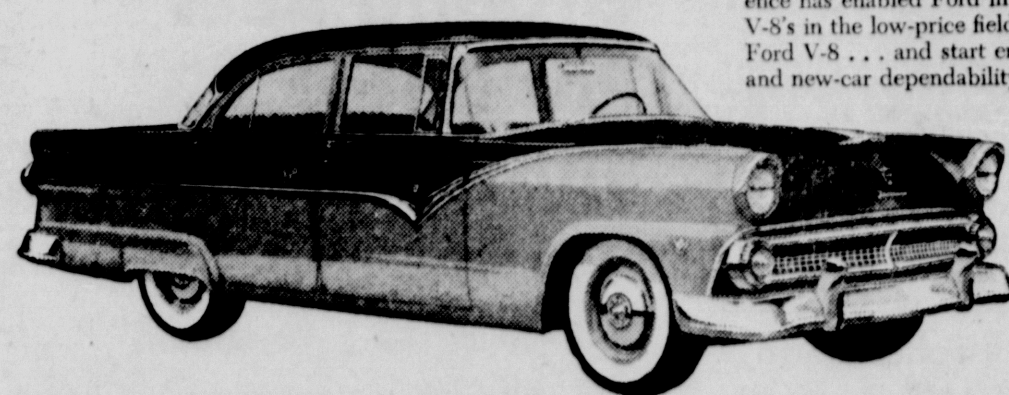

# NOW

# ...a FORD V-8

Built by the world's greatest builder of V-8's

Ford has built more V-8 engines than all other manufacturers combined... over 14,000,000! And this tremendous V-8 experience has enabled Ford in '55 to turn out in quantity the finest V-8's in the low-price field. So why wait? You can get a proved Ford V-8... and start enjoying its brilliant new performance, and new-car dependability right now!

Enjoy Ford's new  
**Trigger-Torque Power**

For '55, Ford offers the brilliant-performing new Y-block V-8 and the even more powerful Y-block Special V-8. Both deliver Trigger-Torque power, which means you get the power you want when you want it, throughout the entire driving range of your car. With new Trigger-Torque Power you can have split-second starts... faster passing ability for a greater feeling of security... top-notch response at all speeds. And with Ford's high-compression, low-friction design and

deep-block construction, you can enjoy smooth performance and long engine life.

**Relax in the smooth comfort of new Angle-Poised Ride**

Ball-Joint Front Suspension, which Ford introduced in its field last year, has proved itself over billions of miles. For '55 it is still better. Springs are set at an angle to absorb shock from the front as well as straight up. This provides delicate

responsiveness to cushion tiny bumps as well as husky "muscle" to flatten big bumps.

**Take your pick from 16 brilliant new Ford Models**

This year, you get Thunderbird-inspired styling in any Ford you choose. And there's a variety of exciting new single and two-tone body colors with charmingly color-keyed Luxury Lounge Interiors.

Come in for a Trigger-Torque Test Drive!

## HAMLIN MOTOR COMPANY

## City Engineer Tells Rotarians of Work On City Planning

City Engineer Roy Dunlap gave a review of some of the work he has been doing since he became connected with the city's affairs when he spoke at the Wednesday noon luncheon of the Hamlin Rotary Club at the oil mill guest house.

Making of a revised city map showing the water and sewer mains and fire hydrants was one of his first projects, Dunlap declared. A contour map as a prelude to the street paving program also was prepared.

From the contour map, various sectional maps showing grades, major pipe lines and other details have been prepared for the sections of the city being paved, he said. Incidentally, he explained that 18 blocks of paving was underway so far.

Bobby Brown Jr. was recognized as Junior Rotarian for the month. Guests at the weekly luncheon included Maurice Crawford of Wichita Falls; C. R. Simmons, Fred Wimberly, Charles Griggs and Ed Ireland of Sweetwater; H. Hicks Allen of Snyder; Bill J. Stevens of Abilene; Leroy Johnson and James High of Stamford; Roy Chastain, J. H. Chastain and David Roberts of Colorado City.

## Estimated 25 from Jones County Join Service in January

An estimated 25 Jones County young men entered the armed forces during the month of January, including probably six from the Hamlin area.

A total of 5,846 Texans entered the armed forces in January, 5,856 being separated during the same time, a report from the office of Brigadier General Paul L. Wakefield, state selective service director at Austin, revealed Wednesday.

Of the 5,846 entering the uniformed services, 4,561 went in by enlistment or some other voluntary basis. The remaining 1,285 entered service through the state's 137 draft boards. About half of those going in through the draft boards volunteered for induction prior to the time they were selected.

State selective service sent 2,338 men to the Army's examining stations during January for pre-induction examinations. A total of 949 was found unacceptable by the Army because of failure to pass physical, mental or moral requirements. This means that four out of every 10 men were turned down for service by the Army.

"The law makes acceptance or rejection of men for military service the responsibility of the Department of Defense and not selective service, General Wakefield pointed out.

### GOOD QUESTION.

A farmer visited his son's college. Watching students in a chemistry class, he was told they were looking for a universal solvent.

"What's that?" asked the farmer.

"A liquid that will dissolve anything."

"That's a great idea," agreed the farmer. "But when you find it what are you going to keep it in?"

Mrs. John Howard Jr., February 10; Terry Hallmark of Stamford, February 13; Jackie Warner, February 9; Mrs. Jose Villareal, February 10; Nancy Kay Wall of Sylvester, February 11; Mrs. E. J. Anderson, February 14; James Josey, February 12; Mrs. Felipe Rameriz, February 9; Mrs. W. J. Poe, February 9; Mrs. Edna Thomason, February 9; Peggy Sumnerlin of Roby, February 11; I. M. Roberts of Sylvester, February 10; Richard Robinson, February 13; George Malouf, February 13; Benny Carroll, February 13; David Hennington of McCaulley, February 13; Mrs. Joe McCrary, February 14; Mrs. Felix Marentes, February 14; Mrs. Aubrey Chandler of Roby, February 13; Mrs. David Roberts, February 14; Mrs. W. F. Wilcox, February 15; John D. Ferguson, February 9.

## Ballinger Concern Completes Two Wells Southeast of Hamlin

Two completions in the Hamlin area during the past few days constitute the major oil activity on the horizon.

M. D. St. John et al of Ballinger announced completion of the No. 5 Phillips Estate as a producer, seven miles southeast of Hamlin in the Southeast Neinda Field. Daily potential was 83.06 barrels of 43-gravity oil, plus three per cent water, pumping from 20 perforations at 3,212-17 feet. Casing was set at 3,220 feet, and total depth was 3,223 feet. Site is in Harrison County School Lands Survey 334.

The same operator recompleted the No. 5 Chittenden Estate, a former Swastika producer from Flippen line in the BB Field, eight miles southeast of Hamlin. Site is in Section 27, L. Kratz Survey 335. It pumped 79.65 barrels of 33-gravity oil, plus 10 per cent water, from 20 perforations at 2,779 feet. Casing was set at 3,153, with hole plugged back to 2,800 feet.

### HE'LL FIND OUT.

A little boy attending his first wedding asked his mother why the bride was dressed in white.

"Because," answered the mother, "white stands for pretty and joy."

"Then why," was the retort logical, "does the groom wear black?"

### ONCE NOT ENOUGH.

On going into the cow shed the farmer was surprised to find his new hand, a town girl, giving one of the cows a drink from her milking pail.

"What are you doin' that fer?" he demanded.

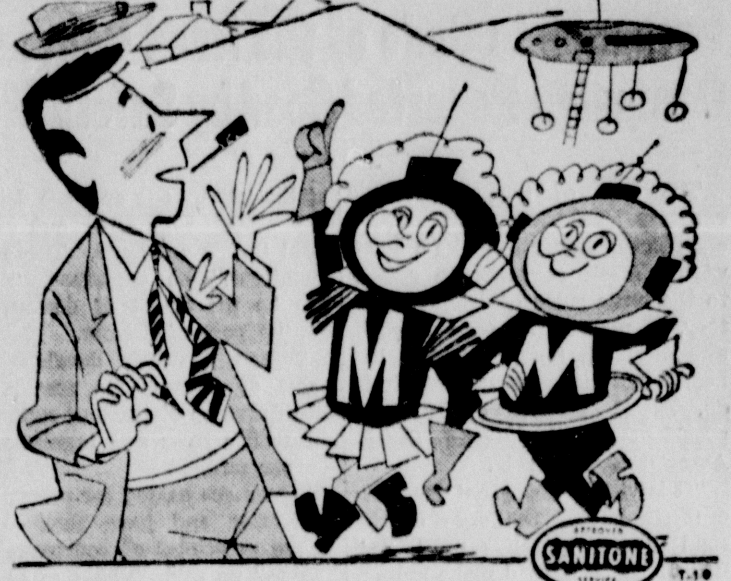

"Well," explained the girl, "the milk seemed pretty thin to me, so I thought I'd better put it through the process again."

All heart cases can be cared for best if diagnosed early, according to Texas Heart Association. Help your Heart Fund—help your heart.

## Rev. John R. Holland And Family Visit Here

Rev. and Mrs. John Ray Holland and son, Bradley Ray, have recently returned to Seattle, Washington, after spending a week with his parents, Mr. and Mrs. J. R. Holland, and other relatives in and around Hamlin.

John Ray and wife finished Bible college at LIFE in Los Angeles several weeks ago. He has been in the ministry since his graduation and also is a salesman for Nesbitt Bottling Company.

# No gasoline-no, not a single one- has higher octane than New 1955 GULF NO-NOX

but octane alone  
is not enough...

That's why new Super-Refined Gulf NO-NOX is specially made to burn clean—to protect your engine—to give you thousands of extra miles of full engine power.

Fill up with new Super-Refined Gulf NO-NOX and feel the difference, right from the start, in full engine power that lasts! You'll get:

- More complete engine protection than with so-called "miracle-additive" gasolines.
- Extra gas mileage in the short-trip, stop-and-go driving motorists do most.
- Stall-proof smoothness... instant starts... fast, fuel-saving warm-up.
- No knock, no pre-ignition—even in today's high-compression engines.

Always remember: Octane alone is not enough. Only a gasoline that burns clean can make its full octane power really work for you mile after mile.

That's why, instead of trying to fight harmful deposits with so-called "miracle additives"—inside your engine—Gulf believes in preventing them from forming in the first place; removes the cause—the "dirty-burning tail-end" of gasoline, at the refinery, to bring you new NO-NOX.

Just look at the plates in the photo above, and see what a difference Gulf super-refining makes!

### This is GULF'S PLEDGE to the motoring public

- We at Gulf make this promise to America's motorists. We will not permit a single competitor—no, not a single one—to offer a gasoline superior to our own superb No-Nox.
- It is our sincere belief that No-Nox is the finest gasoline on the market today, and no matter what others do or say we will keep it the

finest—in power, in performance, in engine protection.

• This is not a boast, not a claim. It is a pledge to you, the motoring public—a pledge backed by the resources—and the integrity—of the Gulf Oil Corporation.

## Response to Code of the Road Courtesy Campaign Reported Good by Safety Man

The code of the road traffic courtesy program, encouraging each Texas driver to make a "pat" with himself agreeing to adhere to the basic rules of driving courtesy, is now in its second week, and although much headway has been made, there still is work to do, R. B. Rooper of Houston, president of the Texas Safety Association, Inc., said.

"It is vitally important for drivers to accept the code of the road pledge—and live up to it," Rooper said. "It will make motor- ing safer for everyone, because discourtesy certainly is a major factor in the traffic accident picture."

"Statistics do not show any breakdown of discourteous acts in traffic accidents," he said, "but the figures do show that violations

of the law by one or more drivers are reported in eight out of 10 fatal traffic accidents. These law violations," he explained, "often can be the result of discourtesy on the part of drivers."

"When a driver develops the habit of rudeness in traffic, he also forms an attitude of contempt for traffic rules and regulations," Rooper said.

"Laws are passed for everyone's protection and have their roots in the principles of courteous behavior," he said. "Violation of the law usually involves common discourtesy, and discourtesy very often results in breaking the law."

That is why the police department is solidly behind the current code of the road program, and is urging all drivers to cooperate.

The month-long program, which is marked by the slogan "Make Courtesy Your Code of the Road," is being sponsored by the Texas Safety Association, the Texas Department of Public Safety, the National Safety Council and the Inter-Industry Highway Safety Committee.

### TOO YOUNG.

"These eggs are very small," complained the young housewife as she stood in front of the egg case at the grocery store.

"They're straight from the farm this morning, madam," said the grocer.

"That's the trouble with these farmers," she replied. "They're so anxious to get these eggs sold they take them off the nest too soon."

Many parents will learn much by helping Junior with his school homework.

## Rev. Egger Attends Ministers' Conference

Hamlin was represented at Ministers' Week at Southern Methodist University in Dallas from last Monday through Thursday. Outstanding speakers included Texas Methodist Bishop A. Frank Smith of Houston, Dr. George MacLeod of Scotland, and Dr. Henry J. Cadbury of Harvard.

Attending the twentieth annual program from Hamlin was Rev. Darris L. Egger, pastor of the First Methodist Church.

**CORRECT IDENTITY.** of the fourth in the series of Mystery Farm Pictures being published by The Herald was submitted by 14 readers of Your Home Town Paper last week. The aerial view was of the Luther Bowen place, located four miles northwest of Hamlin. Lawrence Rimmer of North Hamlin was the first to name the place, and he will receive a one-year subscription to the paper. Another new picture is being printed every week in The Herald. Try your hand at guessing whose places are shown.

## 14 Identify Mystery Farm Picture from Last Week's Paper

Picture identifying picked up a little last week, when 14 readers of The Herald correctly named last week's mystery farm picture as the Luther Bowen place, located four miles northwest of Hamlin. Lawrence Rimmer of North Hamlin was the first to properly identify the aerial view. Rimmer, as the others who have correctly named the picture appearing in the mystery farm series in The Herald, will receive a one-year subscription to Your Home Town Paper.

The Bowens have occupied the 160-acre farm for 12 years, having purchased the place from the O. C. Newsoms. Bowen moved to Jones County in 1899, settling in the Anson area. He married the former Minnie Waller on June 18, 1913, and they have four children. Newell Bowen is farming near Seminole; Luther Bowen Jr. is in the military service in Korea; Mrs. Pauline King lives at Hodges and Mrs. Lavoy Teel is a resident of Abilene.

All of the Bowen place is in cultivation. Thirty acres is planted to cotton, 60 acres to wheat, 30 acres to maize and 40 acres to oats.

Bowen has modernized his farming methods in recent years, he declares. He has chiseled the place often to help hold moisture that falls, and one-way the land to keep crop refuse near the top of the ground. He rotates his crops each year to give the soil a rest. During their stay on the place the Bowens have added four rooms to their place, and have also added a number of other farm buildings.

### LOSS LOTS WORSE.

"I hear your store was robbed last night," said the sympathetic customer to the local merchant.

"Did you lose much?"

"I lost quite a bit," the storekeeper responded, "but it would have been a lot worse if the burglars had gotten in the night before. You see, yesterday I just finished marking everything down 20 per cent."

## Extension Program in Jones County for 1955 Reviewed by Board

Review of the 1955 extension program for Jones County was conducted last week when the Jones County agricultural extension program building committee met in the agents' office at Anson.

The committee consists of one woman and one man from each commissioner's precinct and four senior 4-H Club members. Duty of the committee is to plan the county extension program. Various commodity and geographic groups were represented.

Problems and solutions for the current year were discussed. Plans were made for a planning meeting to be held in late August.

Present for the meeting last week were Mr. and Mrs. L. W. Larson, Birger Haterius, Mr. and Mrs. J. L. Herman, J. H. Doty, Howard Roberts, Charles Stenholm, John Nelson, Delbert Wilson, Jimmie Lou Wainscott, county home demonstration agent; and W. H. Lehmborg, county agricultural agent.

Texas Heart Association says: "Your 'symptoms' may or may not mean heart disease. Don't guess and don't worry. See your doctor and be sure."

### REMEDIES TO ORDER.

Two readers of a local newspaper wrote to the editor seeking advice on their troubles.

The first was the father of twins, and wanted to know the best way to get babies over teething troubles. The second was a man who asked how to protect his orchard from invading swarms of grasshoppers.

The editor answered them both carefully, but unfortunately he mixed their names, with the result that the man who was blessed with twins got the following reply: "Cover them with straw and set fire to them, and the pests will speedily be settled."

On the other hand the inquirer plagued with grasshoppers read: "Give them a little castor oil and rub their gums gently with a bone ring."

See Herald for rubber stamps.

## Dr. Hambrick Attends Optometry Gathering

Dr. W. C. Hambrick of Abilene and Hamlin arrived in Fort Worth Monday to attend the fifteenth annual meeting of the Southwestern Congress of Optometry for three days.

Optometrists from Texas, Arkansas, New Mexico, Louisiana, Mississippi, Oklahoma, Arizona and Alabama were to attend. The reading problems of the school child was to be one of the subjects to be discussed. Teachers of the same states have been invited as guests of the optometrists.

### FOR A CRISP BIRTHDAY.

A wife in Cleveland called to her husband:

"Last year for her birthday we sent mother a chair. What do you think we ought to do for her this year?"

The husband called back, "Electrify it!"

Dr. Hambrick practices in Hamlin each Thursday.

★ Being a column in which the publisher just "blows off the steam" . . .  
By JUNE JONES

A FELLOW has to watch every angle nowadays to keep from getting stepped on, dog bit and otherwise mistreated. To prove his point, a man from Stamford was telling us the other day about an experience in his town:

Mrs. Worthmore and her French poodle were shopping one day when she noticed that the man standing next to her at the counter was looking fearfully at the puppy frisking about his legs.

"My, my," she said, "don't be afraid of Felix, he won't bite you."

"Madam," said the man, "I wasn't afraid he'd bite, but I noticed him lifting his hind leg and thought he was going to kick me!"

MARGARET HARFIELD, a writer in Good Business magazine, recently had this to say about picture making:

I went into a photograph studio to have my picture taken—went reluctantly, for firmly implanted in my mind was the belief that I would not take a good picture.

"This is something I dread terribly," I said to the photographer. "I haven't had a picture made in years—I'm definitely not photogenic."

"I wish you had not said that," he answered. "There is no reason why you shouldn't take a fine picture, but if you feel like that about it, the chances are you won't."

"But I feel this way because of previous experience."

"You probably had a picture made that wasn't good. The next time you tried, doubt got between you and the camera. When the picture was done it wasn't good either."

"But," I persisted, "how can there be doubt showing in a photograph?"

"I don't know how to explain it, but there it is. What you think shows in the picture. Something almost tangible lies between you and the film."

I knew that he was right. As I prepared to face the camera I sang a little tune. I had faith that he would get a very good picture.

He took six poses. Today I saw the proofs and they are all remarkably satisfactory. Not one could be called a poor likeness of me.

I asked my photographer friend if he used this principle in all phases of his life. He looked so confused that I am certain he had not thought of it before. I am going to send him a copy of this article just to be sure that he thinks of it in the future. He taught me a fine lesson—and one good turn deserves another.

CONVERSATION and talk are cheap these days. And it's funny how some folks can do a lot of talking and say practically nothing.

To prove this assertion, we heard of an Asperment fellow who wanted a divorce. He declared to the judge:

"That woman never stops talking. She keeps going steady morning, noon and night—day in and day out. A person gets so that he just can't stand any more, judge."

"What does she talk about?" asked the judge.

"That's just the trouble, your honor—she doesn't say."

COMPETITORS, says a business man who has succeeded, do more for him than do his friends.

"My friends are too polite to point out weaknesses, but my competitors go to great expense to advertise them. My competitors are diligent, efficient and attentive. They make me look for ways to improve my selling and servicing."

"My competitors would take business away from me if they could; this keeps me alert to hold what I have. If I had no competitors, I would be incompetent, lazy and inattentive. I need the discipline they force upon me."

"I salute my competitors. They have been good to me. God bless them all!"

WOMEN, we have observed, have a reason for doing nearly everything—that is, they can argue about why they did so-and-so. Here is the diagnosis of the actions of some women:

When women find they have a yen for simpler things, they marry men!

CONCRETE WORK on the huge new bins being added to the elevator facilities of the F. B. Moore Grain Company in Northeast Hamlin has been completed, and "lids" or roofs on the big concrete storage silos were being placed when the above picture was made late last week. The \$500,000 addition to the Moore plant will more than double the grain storage capacity of the concern, already the largest between Fort Worth and El Paso.

## Government Trapper Takes New Position in Jones County

### Government Man To Operate Only On Owner Consent

J. B. Knight was due to assume his new duties as official wolf trapper for Jones County Wednesday or Thursday, according to a telephone call from County Judge Pete Andrews to The Herald. He was named several days ago by the Commissioners Court.

Provision for the trapper was made when people of Jones County voted in a special election to cooperate with the state and federal government in paying the trapper. The election was on December 11.

Salary of the trapper will be paid jointly by the county and the state and federal governments. Knight will trap and poison wolves and other predatory animals that have been molesting.

See WOLF TRAPPER—Page 3

### First Methodists Set Revival for March 13

Date for the annual spring revival at the First Methodist has been set for March 13 through March 20, it was announced this week by the pastor, Rev. Darris L. Egger.

Rev. S. M. Dunnham, pastor of the Hereford First Methodist Church, will be evangelist for the eight-day revival, and Rev. R. X. Mauldin will lead the singing, it is announced.

### Herringtons Attend Funeral Director Meet

Mr. and Mrs. Frank Herrington of Hamlin were in Abilene last Wednesday attending the annual convention and business meeting of the West Texas Funeral Directors Association.

Herrington is partner and manager of the Hamlin Funeral Home.

### City Election Set, Equipment Bought At Council Session

Election notices for the annual city election on April 5 were ordered to be prepared and issued by the mayor when members of the Hamlin City Council met in regular monthly business session Tuesday evening at the city hall. Terms of two aldermen, A. Hudson and A. Spencer, will expire at that time. Closing date for filing names of candidates for the offices was set at March 5.

Two major pieces of equipment were purchased by the business group. Low bids for the equipment were approved in each instance. A Dodge half-ton pickup was purchased from John F. Green Motor Company on a low bid of \$1,189.12. The pickup will be used by the city water department. Four Hamlin concerns submitted bids on the truck.

A 750-gallons-per-minute booster pump for the water system was purchased from Fairbanks-Morse Company on a bid of \$1,360. Two other bids were submitted. The pump will be used to pump water into the city mains at the city pump station. Peak summer consumption has overtaxed pumping facilities heretofore.

Routine bills were approved, and discussions included progress on the paving program; perfecting titles on city property where the owners are unknown; ordering of bids on street sweepers.

IDEAS EXPANDING. Man's mind stretched to a new idea never goes back to its original dimensions.

# Drive for \$20,000 Fund to Build Swimming Pool Set

## Pioneer Members Of Lions Club to Be Honored at Dinner

Long-time members of the Lions Club will be specially honored this (Friday) evening at the Primary School cafeteria when the silver anniversary of the Hamlin Lions Club will be observed at a ladies' night affair.

Special service pins will be presented to Willard Jones, 30-year pin; Joe C. Culbertson, J. W. McCrary and W. C. (Ted) Russell, 25-year pins; Henry Albritton, 20-year pin; Haskell Carter, I. R. Huchingson, L. H. McBride and B. V. Newberry, 15-year pins; and C. C. Bailey, D. D. Shelburne and Fred Smith, 10-year pins.

Incidentally, it is explained that several other members of the local club have longer tenures than some of these, but only those with service in multiples of five years are honored; for example, one member has been a member for 24 years.

Speaker for the get-together of local and area Lions Club representatives will be Tom Carswell of Abilene, former district governor of Lions International, who presented the charter to the Hamlin Lions Club when it was organized 25 years ago.

The meeting will open with a buffet style luncheon in the cafeteria. A program of entertainment will precede the speaker.

### Only 2,918 Poll Taxes Paid in Jones County

Jones County voters appeared none too interested in exercising their privilege of voting during the current year. Only 2,918 poll taxes were issued by the office of Mrs. Ima B. Dougherty, county tax assessor-collector at Anson, before the January 31 deadline, it has been revealed.

In addition to that number of poll taxes, 19 exemptions were issued.

Average voting strength of Jones County during strong election years has been between 4,000 and 5,000. This year is an off-year for most elections.

### No Stir Observed in Hamlin City Election

City politics was as dead as a door-nail when the subject was mentioned this week by a Herald reporter.

Neither A. Spencer nor A. Hudson, members of the City Council whose terms expire in April, would say whether they would run for re-election.

City election for 1955 was set for Tuesday, April 5, by the council Tuesday night. Closing date for filing names for places on the city ticket is Saturday, March 5.

OLD-TIMERS (not in age, of course) of membership in Lions Club will be honored this (Friday) evening at the twenty-fifth anniversary celebration of the Hamlin Lions Club at the Primary School cafeteria. Service pins will be presented to the above (reading left to right, from top to bottom): Willard Jones, 30-year pin; Joe Culbertson, W. C. (Ted) Russell and J. W. McCrary, 25-year pins. Jones was a charter member of the Decatur Lions Club.

## Jack Russell to Lead Campaign For Donations

A swimming pool for Hamlin moved a step closer this week with the basic plan for its construction being approved, and the outline of a campaign to raise \$20,000 for materials and equipment. These decisions were reached at a Wednesday morning meeting of the planning committee that had previously been named from representatives of civic and women's clubs of the community.

Jack Russell was named chairman of the money-raising drive that was scheduled to get underway today (Friday).

The campaign was slated to be a quick one, with the climax to be reached within a week. Pledges and donations were to be sought for the \$20,000 goal in the one-week campaign, and pledges are to be paid by April 1, the committee decided.

Names of more than 1,200 residents of the Hamlin territory were being organized and divided into sections for workers to canvass, according to Delma Shelburne, president of the Community Recreation Committee, under whose sponsorship the swimming pool is being promoted.

Actual construction on the pool, according to plans, would be started by April 1. Hope that it could be completed by swimming season was expressed by members of the committee.

City Engineer Roy Dunlap will prepare plans and specifications for the pool and supervise its construction. Various building contractors will be asked to cooperate in the pool's construction.

## Hamlin Boys Prime Stock for Big Show

Close of the entry list for the annual Jones County Club Boys' Livestock Show, to be staged next Saturday at Anson, promises one of the best displays of fine livestock and poultry the boys shall ever pooled.

Members of the 4-H Clubs and Future Farmers of America chapters of the county will vie for \$1,200 worth of cash awards and seven trophies.

And Hamlin area boys will be among those showing the fine livestock.

Hamlin 4-H Club boys, under the supervision of Bill Lehmberg, county agent, and Hamlin FFA boys, under the leadership of T. C. Blankinship and Harold V. Eades, have primed their animals and birds for weeks for the show.

A check-up this week revealed that Hamlin area boys have posted a big percentage of the total entries in the show. Of the 25 fat steer entries, 17 are from Hamlin; of the 22 dairy breed entries in the show, nine will be from Hamlin; in the breeding swine classes, 44 have been entered and 13 are from the Hamlin area; in the fat hog section 20 of the 48 entries will be from Hamlin.

In addition to the \$1,200 in cash awards for the show provided by the Anson, Hamlin and Stamford Chambers of Commerce, other individuals and institutions are providing the grand champion trophies. These have agreed to furnish trophies: Hamlin Lions Club, hogs; Ray Marks and B. D. Rowland, dairy cows; Sam Baize, beef animals; Hawley Chamber of Commerce, breeding hogs; Anson Lions Club, sheep; Lueders Chamber of Commerce, capons; Hamlin Rotary Club, steers.

### February 25 Is Date for Supper at McCaulley

Date for the chili supper being sponsored by the McCaulley Home Demonstration Club, which was last week announced for February 15, has been rescheduled for next Friday evening, February 25.

The supper will be served in the McCaulley School gymnasium beginning at 5:30 p. m., and proceeds from the supper will go for a club project. Plates will be 35 and 75 cents, club leaders declare.

### SPREAD PLANTINGS.

Extension horticulturists advise gardeners to spread their spring vegetable plantings so the harvest season will be extended over the longest possible time and to plant a wide variety of vegetables.

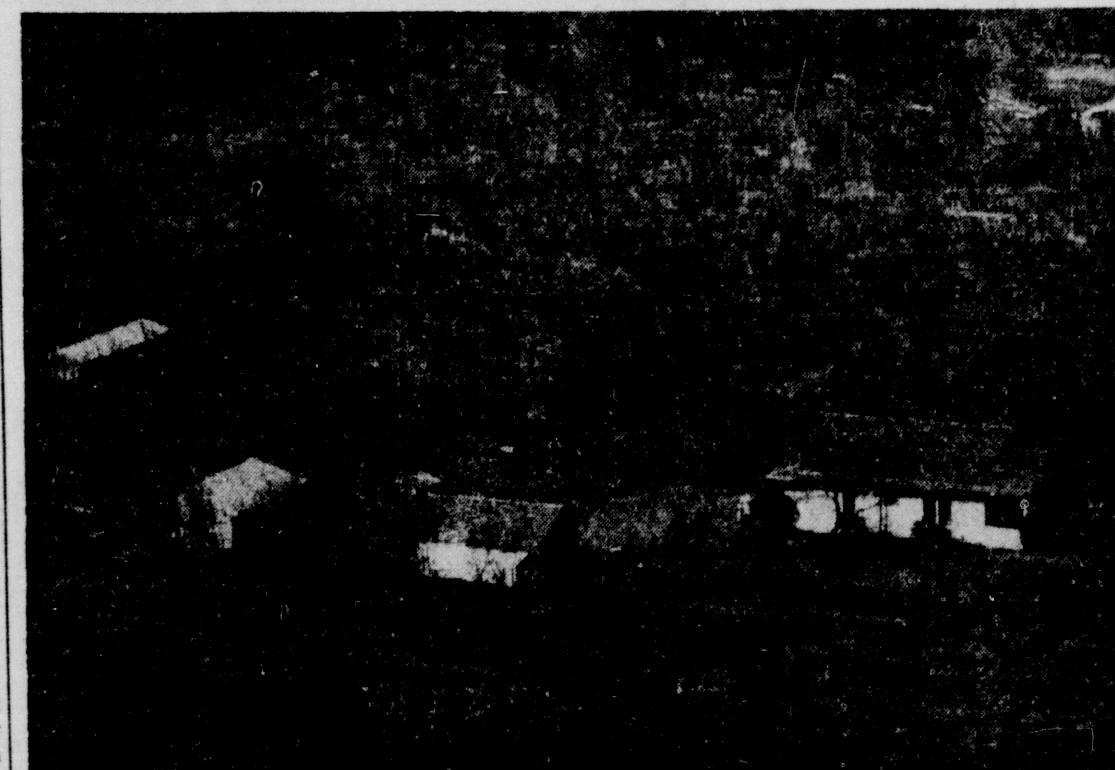

## High School Seniors Select Comedy as Play for Year, Scheduled for March 25

Members of the senior class of Hamlin High School selected "No More Home Work," a three-act effervescent comedy by John Henderson, as their play for this year. It will be presented March 25 by special arrangement with Row-Peterson Publishing Company.

Almost every high school student had dreamed—at one time or another—of being principal for a day. "No More Home Work" is the successfully tested account based on a newspaper story, of what happens when force of circumstances propel three high school students into the roles of principal, vice principal and school secretary in a typical high school.

When Pamela Jones was elected Student Council president, never in her wildest dreams did she foresee having to make the thousand and one decisions required of a school principal. Should she abolish home work, as one friend helpfully suggests? Should she stand behind an unpopular teacher? Should she keep the school's star athlete out of the state basketball tournament for disciplinary reasons? These are only a few of the headaches that confront Pam and her boy friend, "Buzz" Bailey, who unexpectedly finds himself doubling as vice principal and home ec teacher, with an omelette in one hand and a dress pattern in the other.

Romance kicks up its lovely heels, too, in this merry turnabout. Who would ever have guessed that elderly Miss Goodwin "carried a torch" for the confirmed faculty bachelor, Mr. Harper? Who would ever have imagined that "Tick Tock" the janitor would eventually dominate Mrs. Ratchett, the demon scrub lady who everybody suspected, rode home

ANOTHER IN THE SERIES of Mystery Farm Pictures being run by The Herald is shown above. First person, other than the owner and his family, to correctly identify the view will be given a one-year subscription to Your Home Town Paper. In order to give readers of the paper living on the rural routes an equal chance at the identifying, no answers will be accepted before 1:00 p. m. Friday, either in person or telephoning to the paper office. The original aerial picture will be presented to the owner by The Herald.

## Who's New This Week

Four new citizens have been announced at the Hamlin Memorial Hospital since last week's report in The Herald. One girl and three boys, they are:

A girl for Mr. and Mrs. Felix Marentes of Hamlin arrived February 11 at 8:00 p. m. The little seniorita, who weighed six pounds nine ounces, will answer to Mary Inez.

A boy arrived for Mr. and Mrs. David Roberts of Hamlin on February 11 at 1:40 p. m. He has been labeled Joseph Paul. He has been the scales at six pounds one ounce to become the lightweight for the week.

A boy was born to Mr. and Mrs. Billy Joe Hollingsworth of Asperment February 13 at 6:40 p. m. After having his weight checked at eight pounds three ounces, the young man accepted Bruce Edward as a moniker.

A boy was born to Mr. and Mrs. Elmo Gabriel of Abilene February 15 at 8:37 a. m. He was assigned the name Thomas Elmo after having his weight checked at eight pounds seven and one-half ounces.

Published Every Friday Morning at the Herald Building, Hamlin, Jones County, Texas

Entered at the Post Office at Hamlin, Texas, for transmission through the mails as Second Class Matter according to an Act of Congress, March 3 1879.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be corrected, gladly and promptly, upon its being brought to the attention of the management.

### Hamlin's Tire Headquarters

## Heavy Infestations of Lice on Livestock Noted in Area, and Agent Gives Remedy

Cattle and swine and poultry throughout the county are being plagued with heavy infestations of lice at this time of year, declares County Agent Bill Lehmberg. He urges all producers to check all stock, and the following control measures are recommended:

**Lice on Beef Cattle**—Spray one-half pound of 50 per cent wettable DDT powder to five gallons of water or 4½ teaspoons of 25 per cent lindane emulsifiable concentrate to five gallons of water.

**Lice on Swine**—One-half pound 50 per cent wettable DDT to five gallons of water or 2¼ teaspoons of 25 per cent lindane emulsifiable concentrate to five gallons of water.

**Lice on Dairy Cattle**—One-half

pound 50 wettable methoxychlor to five gallons of water.

Application should be repeated in three weeks on all of the above recommendations if needed.

**Lice on Poultry**—One per cent lindane perch paint, or spray inside of house with 4½ teaspoons of 25 per cent emulsion lindane to five gallons of water.

Dust birds with one part sodium fluoride mixed with two parts of diluent—or use a good commercial lice powder.

Circular 324 entitled "Guide for Controlling External Parasites of Livestock and Poultry in Texas" is available free at the county agent's office for those who would like a copy.

## Sixth Graders Enjoy Colorful Valentine Party at Junior High

Members of the C section of the sixth grade at Hamlin Junior High School enjoyed a Valentine party Monday afternoon at the school. The home room teacher, Mrs. C. Weldon Griggs, and the room mothers, Mrs. Albert Haught and Mrs. Alvis Bond, hosted the party.

Refreshments were angel food cup cakes in pink cups, topped with red hearts, and pink frosted punch. The room mothers presided at the punch bowl. At the opposite end of the serving table was a beautiful Valentine box covered with red velvet paper decorated with white lace hearts.

The table was centered with a white Valentine tree decked with a big red and white net heart mounted on red styrofoam with white carnations bursting through the heart was on the desk. The front and back bulletin boards were covered with silver foil bordered with red silhouettes of George Washington. On the library shelf there was a pink and red spiral heart nestled in white lace doilies and pink roses. The same motif was used in the center of all three windows. The panels flanking the blackboards were covered in silver foil decorated with gold lace doilies centered with red hearts.

Several students of the class passed out the Valentines, red fringed napkins with white bows centered with silver hearts, and served the cakes and punch.

For entertainment Nina Jean, Janice Richardson, Sarabeth Powell and Janice Ueckert sang "As Far as I'm Concerned." Patricia Blankenship and Sarah Snapp sang a song, "On Moonlight Bay." Different students in the room took records, and Jesse Kelly served as disc jockey.

## WOLF TRAPPER

(concluded from page one)

livestock and poultry in the rural areas. He will operate under the direction of the federal wildlife bureau and Texas A. & M. College extension service. In the county he will be assisted by the office of County Agent Bill Lehmberg. Knight, in assuming the new place, explained that he will operate only on the property of owners who give him written permission. He will erect signs of warning in areas where he is operating as precautionary measures for livestock owners. Farmers and ranchers desiring Knight's services are asked to contact the trapper or Bill Lehmberg, county agent.

## Water Filtration Plant Accepted by Hamlin Officials

The \$65,900 water filtration plant that will more than double the water filtering facilities of the City of Hamlin was accepted and final payment approved for Norcross Construction Company of Snyder, contractor for the job, at a special called meeting of the City Council Friday morning.

Contract for the plant was let last April, and original completion date was set for September 15. Final inspection was made by an engineer of Freese & Nichols, engineering firm which designed and supervised construction of the big plant two weeks ago.

In presenting a letter of approval to the City Council, the engineering firm declared that the new plant met all contract specifications, and a good job was done by Norcross.

The plant has been in operation for several days. Bill Rountree, city water superintendent, says the plant will greatly relieve the overtaxed filtration system that

## Funeral for Sylvester Pioneer, R. L. Norris, Pending Son's Arrival

Funeral services for a pioneer of the Sylvester community, 12 miles southwest of Hamlin, who died late Wednesday, were pending the arrival of a son from California.

Norris, a farmer who had lived for many years just south of the town of Sylvester, had been in failing health for the past year. He was a long-time member of the Church of Christ.

The 72-year-old pioneer is survived by his wife of Sylvester; two daughters, Mrs. Ruth Botts of Austin and Mrs. W. T. Lawlis of Sylvester; two sons, J. L. Norris of Mathis and H. G. (Bill) Norris of Oceanside, California; and eight grandchildren.

## FIRST AID FOR FURNITURE.

One furniture wax comes packaged with a tube of a material that helps restore a table surface that has been marred by heat marks, white rings and burns.

has been hard-pressed during peak summer months to filter enough water to supply the city.

## SHE USED HER HEAD.

A woman with six children recently boarded a local train. On taking their position in the car, the oldest child lay down on the seat and the other five sat on top of him.

When the conductor came to them, the woman gave him one full fare ticket and said, "The oldest child is under five."

## HEART KILLS YOUNG, TOO.

Of the 800,000 persons who die from diseases of the heart, about one-third are below the age of 65, reports the Texas Heart Association.

## RELIEF AT LAST For Your COUGH

If a common cold left you with a cough that has hung on for days and days act quick. It is dangerous to delay. Chronic bronchitis may develop. Get a large bottle of Creomulsion and take as directed. ## MARKET REPORT

(concluded from page two)

Fat woolled lambs topped at \$21.50 the best price in some weeks at Fort Worth Monday. A string of club lambs from Motley County sold at \$20, including many heavyweights. Feeder lambs sold around \$20 and below. Old ewes cashed at \$6 to \$8.

The USDA report on swine population of the nation on January 1 reveals an increase over a year ago of some 6,442,000 head. The department estimated the current swine population on farms at 55,003,000 head, against a total of 48,560,000 a year ago.

The 1953 total was estimated at 54,294,000 and the 1944-53 average was estimated at 51,168,000 hogs.

Hogs topped at \$17.50 at Fort Worth Monday on par with the lowest levels in two years here. Shows drew \$13 to \$16, steady to 50 cents higher than the close last week.

## Young People of Faith Methodist Church in Novel Meet Sunday

After a series of studies on India, Pakistan and Ceylon, young people of the Faith Methodist Church assembled at the parsonage home of Rev. and Mrs. Orion Lewis Sunday afternoon to hold a "stuntbad" conference as it is carried out annually in Pakistan.

Indian games were enjoyed, and the site was decorated with native flags and streamers.

At the supper hour guests sat on the floor to eat biryani, bhujia, chapattis and fruit prepared by members of the Woman's Society of Christian Service.

A welcome to the conference was extended by Mrs. Lewis, after which Psalms were read by Gerald Don Renfro and Kenneth Lawlis. Mrs. O. R. Criswell reported on educational progress of India, and the conference was closed by Rev. Lewis as he showed pictures and told of his experiences while at Calcutta and Karachi, India.

## Statistics on Polio Feature Program At Meeting of Good Neighbor Club

Charlene Joiner was elected as new president of the Good Neighbor Home Demonstration Club when the women met last Tuesday afternoon at the Nienda community center. She replaces Adele Kelly, who resigned.

Program for the day opened with a game directed by Doris Westmoreland. Roll call was answered, and the minutes were read by Viva Joiner, the secretary. The treasurer, Oleta Hodnett, presented a new budget plan for the 1955 club year, and the club voted to follow this plan.

Discussions and plans were made for the Good Neighbor Club

to sponsor Mack Fletcher and his Hired Hands, Starlite Sisters and others for a benefit program on Tuesday evening, February 22, at 7:30 o'clock at the Nienda community center. Refreshments will be sold at the snack bar.

Doris Westmoreland and Billie Brown presented a program on polio. They recently attended the Jones County Home Demonstration talks given by Mrs. R. O. Pearson of Abilene, who is a state advisor on women's activities in the National Foundation for Infantile Paralysis.

Mrs. Pearson pointed out the average cost per polio patient is \$2,400; that there are at least 3,000 open hospitals for polio compared to 300 17 years ago; there are 2,500 iron lung patients in the United States; and that gamma globulin prevents 82 per cent of paralysis and that the sick vaccine will be given before school is out this spring by the local foundations in certain areas.

Also today, because you have supported the March of Dimes there are 440,000 American school children carrying within their

## Mrs. Poe Reviews Book at Meeting of Beta Theta Members

Mrs. Austin Poe, social director of Beta Theta chapter of the Beta Sigma Phi sorority, presented the program at the Thursday afternoon meeting of the group. Mrs. Poe reviewed the book, "The Greatest Thing in the World" by Henry Drummond.

Mrs. John E. Taylor was hostess to the group in her home at 26 Northwest Avenue E. During the business meeting, conducted by Mrs. S. C. Ferguson Jr., a report on the progress of the community recreation program was given. The sorority will help on the drive and make posters to be put out in business houses downtown. A report on the Beta Sigma Phi state convention in Dallas was read.

Next meeting of the sorority will be in the home of Mrs. Vernon Townsend, with Mrs. W. F. Martin reviewing a book.

Individual strawberry pies and coffee were served to Meses. Earl Smith, Garland Preston, Ed Roaz, Bill Feagan, E. J. Hawkins, W. F. Martin, Gerald Young, Vernon Townsend, Arlie Cassle, W. T. Johnson, Howard Mehaffey, Jerry Waggoner, George Poe, E. D. Perrin, Weldon Carlton, Jim Ballard, S. C. Ferguson Jr., C. W. Griggs, John E. Taylor, Austin Poe and Miss Pat Maberry.

little bodies what may become the answer to the long-sought question of how to prevent crippling polio—the new polio vaccine.

Hostesses for the Tuesday meeting were Adele Kelly and Charlene Joiner. Refreshments of cake and coffee were served to 16 members present.

Next meeting of the Good Neighbor Club will be February 22, with the county agent, Jimmie Wainwright, giving the demonstration on "Breakfast for the Family." Hostesses will be Lila Weaver and Ruby Scarborough.

## Soil Conservationist Talks and Shows Pictures of Work in Hamlin Territory

Charles Hewitt, conservationist of the California Creek Soil Conservation District, was speaker for the afternoon when members of the Fifty-Two Study Club met in regular meeting Thursday afternoon. Hostesses were Mrs. W. C. Westbrook and Mrs. B. O. Bell.

Hewitt explained the value of practicing conservation, then he showed slides to prove his points. Several farms in and around Hamlin were included in the demonstrations shown in the pictures making it particularly interesting to the women.

Mrs. Noel Weaver was elected to represent the Fifty-Two Study Club as a board of the community recreation planning committee and Mrs. W. O. Wilbanks was elected as an alternate board member.

Mrs. Gerald Young, Mrs. W. F. Martin, Mrs. Dean Witt, Mrs. L. E.

## Mrs. Joe Allen Dean, Recent Bride, Honored At Gift Tea Saturday

Mrs. Joe Dean, nee Allene Reynolds, was honored at a tea in the home of Mrs. J. S. Norton Saturday evening from 7:00 to 9:00 o'clock. Co-hostesses were Mrs. Joe Dillingham, Mrs. O. C. Freeman, Mrs. W. C. Emberton, Mrs. I. R. Huchingson and Misses Odean Murphree, Norma Garrett, Joyce Bigham and Mary Sue Warnell.

Receiving guests at the door were Mrs. Norton; Mrs. Dean the honoree; Mrs. Raleigh Reynolds, mother of the bride; Mrs. Faye Dean, mother of the bridegroom; and Lusara Dean, sister of the bridegroom.

Red and white carnations in a sweetheart arrangement centered the tea table, which was covered with a white imported lace cloth over red taffeta. Mrs. Larry Reynolds, sister-in-law of the bride, ladled punch from the crystal bowl, and Misses Norma Garrett and Joyce Bigham served the cake.

Coleen Hill of Abilene presided at the register, where guests registered in a hand-made lace and satin heart-shaped bride's book.

Amanda Freeman presented piano music throughout the evening for the large number of guests who attended.

## Larry Floyd Honored At Party on Birthday

Grandson of Mr. and Mrs. N. A. Putnam of Hamlin and grandson of Mr. and Mrs. H. R. Floyd of Rotan celebrated his fifth birthday on February 15 in the home of his parents, Mr. and Mrs. Garland Floyd.

Games were played and refreshments were served to attendants. Also spending the day in his home were Mr. and Mrs. D. O. Putnam of Hamlin, who are soon moving to Walnut Springs. Friends of Larry enjoyed the afternoon.

## Bluebird Girls Work On Scenery for Stage

Work on the stage scenery for the Camp Fire Girls hut was continued when members of the Robbin's Kin Bluebird group met Tuesday afternoon at the hut in West Hamlin.

Mrs. Henry Albritton served refreshments to the girls following their work session.

The meeting was closed by the group making a friendship circle and singing "Singing Your Way Home."

**PILLOWCASE TIP.** Pillow cases usually go two to a bed, so why not fold a matched set when you do your ironing—quick to locate in the closet?

## "Hot Flashes Stopped" or strikingly relieved in 63-80% of cases in doctors' test.

• If you're miserable from the "hot flashes," and accompanying irritable, restless feelings of "change of life"—you may be suffering unnecessarily! • For... in tests by doctors... Lydia Pinkham's Compound and Tablets brought relief from such functionally-caused suffering to 63% and 80% (respectively) of the women tested! Complete or striking relief!

Yes! Research has proved these medicines thoroughly modern in action... has shown you where to look for relief from those distressing, nervous, "out of sorts" feelings of mid-life "change!"

So... get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets with added iron! (Wonderful too, for the functional pains of menstrual periods.)

It acts through a woman's sympathetic nervous system to relieve distress of those awful "heat waves!"

## Dannie Maberry Has Eighth Birthday Party

Dannie Maberry, son of Mr. and Mrs. J. W. Maberry, celebrated his eighth birthday on February 10 with a party for friends.

Those celebrating with him were Jack Townley, Danny Kelly, John R. Lafler, Tanya Lawson, Roger Bell, Doyle Bell, George Smith

Windy Kay Russell, Kay Milliron, Ronnie Lee, Larry Butler, Michael Sabington, Marilyn Reynolds, Carolyn Reynolds, Christy Wallace Holman Jones, Mike Shivers, Barbara Butler and Gary Don Maberry; and these from out-of-town: Ann Kemp, Davy and Phillip Maberry and Betsy Ann Maberry of McCaulley, and Butch Stephens of Anson.

We have found that it is much easier to make promises than to carry them out.

## Pied Piper Tracksters Begin Workouts with Fair Outlook

### Early Reporters To Be Joined by Cagers Next Week

Work-outs of track and field aspirants at Hamlin High School began several days ago, reports Coach Vernon Townsend, who says that prospects for the Pied Piper track team are looking fair for the 1953 season.

Scheduled to join the early reporters for practice are members of the basketball crew who are winding up their cage play for the year next Tuesday night when they meet the faculty loopers.

Seven boys are already running their paces to limber up the old bones that have laid dormant for the winter. They are Kenneth Hewitt, Douglas Ford, W. H. Hallmark, Wayne Fletcher, Billy Norton, Bennie Watson and Jackie Drummond.

Townsend said Wednesday that he expected four or five more to report for track from the basketball squad next week.

The Pipers have a tough schedule on their track menu for this year. The schedule is found in another column of today's Herald.

Education being what it is, it is hard to understand why so few students like school.

### Canyon Reef Relays Tops Schedule for Pied Piper Tracksters

With close of the basketball season at Hamlin High School major sport interest turns to the track and field picture. A complete schedule is expected to be completed within a few days, according to Vernon Townsend, head coach.

The schedule thus far arranged follows:

March 12—Canyon Reef Relays at Snyder.

March 19—Open.

March 26—Bluebonnet Relays at Brownwood.

April 2—Brady Relays at Brady.

April 6 (Wednesday)—District 11-A track meet, location for which has not been determined.

April 23—Regional track meet at Brownwood.

May 7 and 8—State track meet at Austin.

### Faculty and Pipers to Play Tuesday Night

Annual basketball classic between the Hamlin School faculty and the Hamlin Pied Pipers is slated to wind up the basketball season in Hamlin. The tilt will be played in the Junior High School gymnasium Tuesday night.

With several former cage stars on the fighting faculty five, the younger Pipers are expected to have their hands full. However, the youngsters hope the "old fellows" will run out of wind before many minutes' time shall have elapsed in the tilt.

Some forms of heart disease can be prevented and a few can be cured, according to your Texas Heart Association, sponsor of the 1953 heart fund.

### ITCH NO MORE, IN 15 MINUTES.

IF NOT PLEASED, YOUR 40c BACK at any drug store. Use easy-to-apply ITCH-ME-NOT to allay the itch of eczema, athlete's foot, ringworm, poison ivy, insect bites. Feel the relief in 15 minutes or your money back at Howard City Drug.

## Stamford Boys and Colorado City Girls Win District Meet

Stamford Bulldogs and the Colorado City girls took top honors in the District 4-AA basketball tournament held over the week-end at Stamford. Final games were played Tuesday night.

Stamford tucked away its third straight 4-AA—and the second straight without a loss in district play—with a 70 to 49 victory over the Colorado City Wolves in the tournament finals. The Bulldogs had already won the round robin with seven wins and no losses.

Stamford had defeated Anson 82 to 38 Monday night to gain the finals, while Colorado City had trimmed the Hamlin Pied Pipers 48 to 45.

As a first-round game of the tournament, the Pipers had eliminated the Rotan Yellowhammers Friday night to the tune of 41 to 34 in a game played at Hamlin.

Charles Coody, Stamford's all-state candidate, led the Bulldogs with 19 points but was second to Colorado City's Don Simmons, who bucketed 21 markers.

Colorado City's girls came from behind a 29 to 28 third quarter deficit to defeat Rotan 41 to 39 in the girls' finals.

### Hamlin Piperettes Lose in District Cage Tournament to Rotan

In a district tournament game Friday night between Hamlin and Rotan, the Rotan girls won over the Hamlin Piperettes by a score of 38 to 29. The score was very close throughout the game, with Rotan leading most of the way.

High point scorers for Hamlin were Pat Stuart with 14 and Helen Johnston with 11 points. Janie Hargrove was high pointer for the Rotan girls with 22 points.

The score by quarters:  
Hamlin ..... 6 16 22 22  
Rotan ..... 12 15 29 38

## Missions Will Be Topic of Baptist Gathering Tuesday

"Missions, Our Mission" will be the theme of the February meeting of the workers' conference of the Jones County Baptist Association when it convenes next Tuesday with the First Baptist Church at Anson, Baptist leaders revealed this week.

Representatives from the 27 Baptist congregations in the county will gather for supper at 6:00 o'clock in the basement of the Anson church. The program will begin at 7:00 o'clock.

Pastor James Easterwood and his congregation will serve the supper to attendees.

Complete program for the evening follows:

5:00—Executive and Woman's Missionary Union board meetings.

6:00—Supper.

7:00—Song and praise service, directed by Gayle Bowen of Hamlin.

7:15—Recognitions and announcements.

7:30—"Youth at Work in Devotional Arts," Bethel Girls' Auxiliary.

7:40—"Youth at Work in Royal Ambassadors," Oak Grove (colored) RA chapter from Hamlin.

8:00—"Youth at Work in the YW," Anson YWA.

8:20—Special music, Noble Cantida, teacher at DePriest Colored School, Hamlin.

8:25—Message, Bobby Vann of Wylie Baptist Church, Sweetwater Baptist Association.

9:00—Adjourn.

## Hamlin Boys and Girls In Aspermont Tourney

Both boys' and girls' basketball teams were participating in the Aspermont invitational basketball tournament this week at Aspermont. The tourney was in celebration of the completion of the big \$80,000 gymnasium at that neighbor city to the north.

Coach John Taylor's boys' team was slated to meet the Sterling City boys last night (Thursday) at 9:00 o'clock. The girls' team under coaching of Dora Mitchell was due to meet the Aspermont girls last night at 7:30.

When you're overweight, your heart overworks, reports Texas Heart Association, now conducting the 1953 Heart Fund campaign.

## Concern About Blood Pressure and Its Effect on Health Revealed by Doctors

Hamlin area people and those of the rest of the country more and more are becoming concerned with high blood pressure and related symptoms that vitally affect health of the day.

Blood pressure—what does it mean? Nothing more, says State Health Officer Henry A. Holle during this annual observance of heart disease control, than a measure of pressure against artery walls as blood courses through the body.

Everyone's blood pressure, according to the explanation, is highest when the heart pumps a fresh load of blood into elastic-walled arteries, and lowest when the heart pauses between beats for refilling. The high level is systolic, the lowest is diastolic pressure.

Physicians measure blood pressure by wrapping an inflatable rubber cuff around the patient's arm. When air is pumped into the cuff a column of mercury is forced into a glass tube. The height to which it climbs indicates the pressure inside the cuff and the compression brought against blood vessels in the arm.

Then, using a stethoscope, the physician determines systolic pressure by listening to the sound produced by blood flowing through the artery when the pressure in it is just above that in the cuff. The characteristic change of sound at the diastolic level is easily recognized by the physician.

No clear-cut line can be drawn between "normal" and "abnormal" blood pressure, the health official emphasizes.

"But it is generally agreed that a systolic pressure exceeding 140 or a diastolic pressure above 90 deserves further checking."

Although age does not bring an automatic increase in blood pressure, high pressure, called hypertension, is most common in middle or advanced years.

Like temperature, high blood pressure is only an indication of certain diseases, rather than a disease itself. Only a physician, after careful study, can determine what it means.

Blood pressures vary greatly in the same person—during illnesses and emotional stress, and with rest

and sedative medicine. High blood pressure is often due to hardening of the arteries, kidney infections, brain or gland tumors, or to heart defects.

Symptoms of all types of high blood pressure are similar, although in many cases there are no symptoms. Headache is common, usually a pounding at the back of the head. Other signs include dizziness, fatigue, irritability, loss of memory, or heart pain.

Many of these symptoms may occur in people with normal blood pressure, so they are not automatically indicators of blood pressure irregularity.

Uncomplicated hypertension need not be a serious problem. Patients often live long and active lives with good medical management of their condition. And the best way to prevent complications is to be completely examined periodically by a physician.

"That's a smart health habit for anyone to acquire," Dr. Holle concluded.

### A LINE ON PRIVILEGE.

A certain Moscow citizen stood in so well with the party that he was granted a permit which, among other things, allowed him to buy a railroad ticket without having to stand in line for it. One day he went to the railroad station and presented his precious permit.

"Get in that line over there," he was told.

"But," protested the privileged citizen, "this permit allows me to buy a ticket without standing in line."

"I know that, comrade," rejoined the station agent, "and that is the line for people who don't have to stand in line to buy tickets."

## Hamlin Area People Give to Heart Fund, Regional Leaders Say

Numbers of Hamlin area people have "had a heart" to give to the 1953 Heart Fund, regional leaders have declared.

During the first two weeks of February, Texas contributed more than \$200,000 to the 1953 Heart Fund to be used to combat the nation's No. 1 killer, it has been announced by Dr. W. R. White, Texas Heart Fund chairman and president of Baylor University.

Dr. White emphasized that, although reports have not yet been received from all of the local heart association affiliates throughout the state, more than \$200,000 in contributions already have been reported.

The annual Heart Fund campaign for funds to be used in research, education and community heart programs will continue till March 1, the state chairman said.

Dr. White, with whom Governor Allan Shivers and Attorney General John Ben Shepperd are serving as co-chairmen, pointed out that contributions to the 1953 Heart Fund may be made to local heart association chapters, or may be mailed to "Heart," care of the postmaster of any Texas community.

**BAND LEADER'S FATHER ILL.**  
Word from San Angelo Thursday morning was that J. H. Parrish, father of High School Band Director Jess Parrish, was preparing to undergo major surgery later Thursday. The 54-year-old farmer has been seriously ill about a week. The local musician has been with his father for several days.

# Get a proved V-8

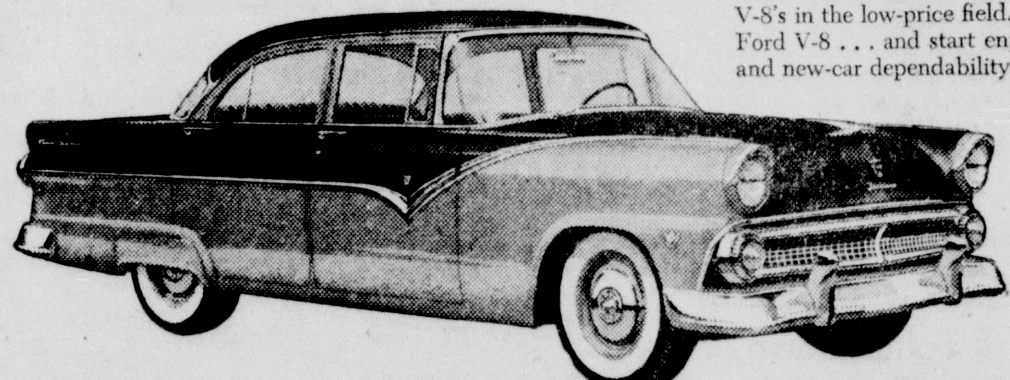

# NOW

# ...a FORD V-8

Built by the world's greatest builder of V-8's

Ford has built more V-8 engines than all other manufacturers combined . . . over 14,000,000! And this tremendous V-8 experience has enabled Ford in '53 to turn out in quantity the finest V-8's in the low-price field. So why wait? You can get a proved Ford V-8 . . . and start enjoying its brilliant new performance, and new-car dependability right now!

### Enjoy Ford's new Trigger-Torque Power

For '53, Ford offers the brilliant-performing new Y-block V-8 and the even more powerful Y-block Special V-8. Both deliver Trigger-Torque power, which means you get the power you want when you want it, throughout the entire driving range of your car. With new Trigger-Torque Power you can have split-second starts . . . faster passing ability for a greater feeling of security . . . top-notch response at all speeds. And with Ford's high-compression, low-friction design and

deep-block construction, you can enjoy smooth performance and long engine life.

### Relax in the smooth comfort of new Angle-Poised Ride

Ball-Joint Front Suspension, which Ford introduced in its field last year, has proved itself over billions of miles. For '53 it is still better. Springs are set at an angle to absorb shock from the front as well as straight up. This provides delicate

responsiveness to cushion tiny bumps as well as husky "muscle" to flatten big bumps.

### Take your pick from 16 brilliant new Ford Models

This year, you get Thunderbird-inspired styling in any Ford you choose. And there's a variety of excitingly new single and two-tone body colors with charmingly color-keyed Luxury Lounge Interiors.

Come in for a Trigger-Torque Test Drive!

# HAMLIN MOTOR COMPANY

## City Engineer Tells Rotarians of Work On City Planning

City Engineer Roy Dunlap gave a review of some of the work he has been doing since he became connected with the city's affairs when he spoke at the Wednesday noon luncheon of the Hamlin Rotary Club at the oil mill guest house.

Making of a revised city map showing the water and sewer mains and fire hydrants was one of his first projects, Dunlap declared. A contour map as a prelude to the street paving program also was prepared.

From the contour map, various sectional maps showing grades, major pipe lines and other details have been prepared for the sections of the city being paved, he said. Incidentally, he explained that 18 blocks of paving was underway so far.

Bobby Brown Jr. was recognized as Junior Rotarian for the month.

Guests at the weekly luncheon included Maurice Crawford of Wichita Falls; C. R. Simmons, Fred Wimberly, Charles Grieggs and Ed Ireland of Sweetwater; H. Hicks Allen of Snyder; Bill J. Stevens of Abilene; Leroy Johnson and James High of Stamford; Roy Chastain, J. H. Chastain and David Roberts of Colorado City.

## Estimated 25 from Jones County Join Service in January

An estimated 25 Jones County young men entered the armed forces during the month of January, including probably six from the Hamlin area.

A total of 5,846 Texans entered the armed forces in January, 5,856 being separated during the same time, a report from the office of Brigadier General Paul L. Wakefield, state selective service director at Austin, revealed Wednesday.

Of the 5,846 entering the uniformed services, 4,561 went in by enlistment or some other voluntary basis. The remaining 1,285 entered service through the state's 137 draft boards. About half of those going in through the draft boards volunteered for induction prior to the time they were selected.

State selective service sent 2,338 men to the Army's examining stations during January for pre-induction examinations. A total of 949 was found unacceptable by the Army because of failure to pass physical, mental or moral requirements. This means that four out of every 10 men were turned down for service by the Army.

"The law makes acceptance or rejection of men for military service the responsibility of the Department of Defense and not selective service, General Wakefield pointed out.

### GOOD QUESTION.

A farmer visited his son's college. Watching students in a chemistry class, he was told they were looking for a universal solvent.

"What's that?" asked the farmer.

"A liquid that will dissolve anything."

"That's a great idea," agreed the farmer. "But when you find it what are you going to keep it in?"

Mrs. John Howard Jr., February 10; Terry Hallmark of Stamford, February 13; Jackie Warner, February 9; Mrs. Jose Villarreal, February 10; Nancy Kay Wall of Sylvester, February 11; Mrs. E. J. Anderson, February 14; James Josey, February 12; Mrs. Felipe Rameriz, February 9; Mrs. W. J. Poe, February 9; Mrs. Edna Thomason, February 9; Peggy Sumerlin of Roby, February 11; I. M. Roberts of Sylvester, February 10; Richard Robinson, February 13; Mrs. W. B. Britton, February 13; George Malouf, February 13; Benny Carroll, February 13; David Hennington of McCaulley, February 13; Mrs. Joe McCrary, February 14; Mrs. Felix Marentes, February 14; Mrs. Aubrey Chandler of Roby, February 13; Mrs. David Roberts, February 14; Mrs. W. F. Wilcox, February 15; John D. Ferguson, February 9.

## Ballinger Concern Completes Two Wells Southeast of Hamlin

Two completions in the Hamlin area during the past few days constitute the major oil activity on the horizon.

M. D. St. John et al of Ballinger announced completion of the No. 5 Phillips Estate as a producer, seven miles southeast of Hamlin in the Southeast Neinda Field. Daily potential was 83.06 barrels of 43-gravity oil, plus three per cent water, pumping from 20 perforations at 3,212-17 feet. Casing was set at 3,220 feet, and total depth was 3,223 feet. Site is in Harrison County School Lands Survey 334.

The same operator recompleted the No. 5 Chittenden Estate, a former Swastika producer from Flippen line in the BB Field, eight miles southeast of Hamlin. Site is in Section 27, L. Kratz Survey 335. It pumped 79.65 barrels of 33-gravity oil, plus 10 per cent water, from 20 perforations at 2,779 feet. Casing was set at 3,153, with hole plugged back to 2,800 feet.

### HELL FIND OUT.

A little boy attending his first wedding asked his mother why the bride was dressed in white.

"Because," answered the mother, "white stands for pretty and joy."

"Then why," was the retort logical, "does the groom wear black?"

### ONCE NOT ENOUGH.

On going into the cow shed the farmer was surprised to find his new hound, a town girl, giving one of the cows a drink from her milking pail.

"What are you doin' that fer?" he demanded.

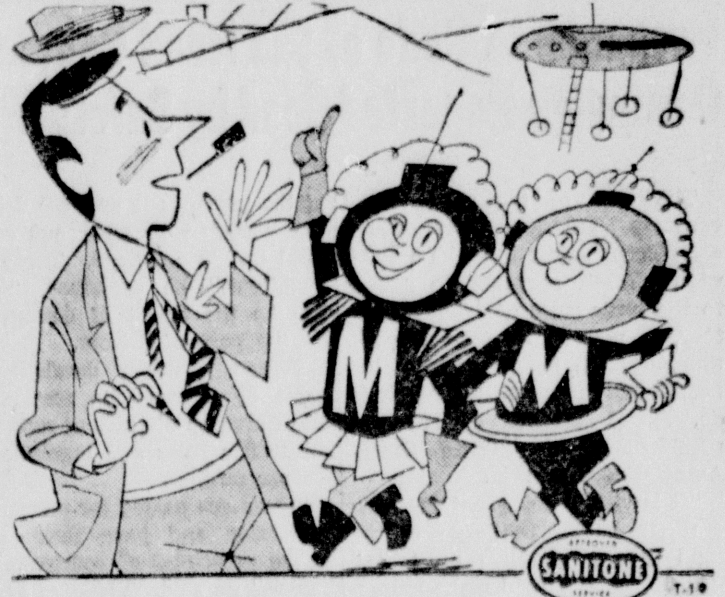

"Well," explained the girl, "the milk seemed pretty thin to me, so I thought I'd better put it through the process again."

All heart cases can be cared for best if diagnosed early, according to Texas Heart Association. Help your Heart Fund—help your heart.

## Rev. John R. Holland And Family Visit Here

Rev. and Mrs. John Ray Holland and son, Bradley Ray, have recently returned to Seattle, Washington, after spending a week with his parents, Mr. and Mrs. J. R. Holland, and other relatives in and around Hamlin.

John Ray and wife finished Bible college at LIFE in Los Angeles several weeks ago. He has been in the ministry since his graduation and also is a salesman for Nesbitt Bottling Company.

# No gasoline-no, not a single one—has higher octane than New 1955 GULF NO-NOX

## but octane alone is not enough...

That's why new Super-Refined Gulf NO-NOX is specially made to burn clean—to protect your engine—to give you thousands of extra miles of full engine power.

Fill up with new Super-Refined Gulf NO-NOX and feel the difference, right from the start, in full engine power that lasts! You'll get:

- More complete engine protection than with so-called "miracle-additive" gasolines.
- Extra gas mileage in the short-trip, stop-and-go driving motorists do most.
- Stall-proof smoothness... instant starts... fast, fuel-saving warm-up.
- No knock, no pre-ignition—even in today's high-compression engines.

### This is GULF'S PLEDGE to the motoring public

- We at Gulf make this promise to America's motorists. We will not permit a single competitor—no, not a single one—to offer a gasoline superior to our own superb No-Nox.
- It is our sincere belief that No-Nox is the finest gasoline on the market today, and no matter what others do or say we will keep it the finest—in power, in performance, in engine protection.
- This is not a boast, not a claim. It is a pledge to you, the motoring public—a pledge backed by the resources—and the integrity—of the Gulf Oil Corporation.

## Response to Code of the Road Courtesy Campaign Reported Good by Safety Man

The code of the road traffic courtesy program, encouraging each Texas driver to make a pact with himself agreeing to adhere to the basic rules of driving courtesy, is now in its second week, and although much headway has been made, there still is work to do, R. B. Roaper of Houston, president of the Texas Safety Association, Inc., said.

"It is vitally important for drivers to accept the code of the road pledge—and live up to it," Roaper said. "It will make motor- ing safer for everyone, because discourtesy certainly is a major factor in the traffic accident picture."

"Statistics do not show any breakdown of discourtesy acts in traffic accidents," he said, "but the figures do show that violations

of the law by one or more drivers are reported in eight out of 10 fatal traffic accidents. These law violations," he explained, "often can be the result of discourtesy on the part of drivers."

"When a driver develops the habit of rudeness in traffic, he also forms an attitude of contempt for traffic rules and regulations," Roaper said.

"Laws are passed for everyone's protection and have their roots in the principles of courteous behavior," he said. "Violation of the law usually involves common discourtesy, and discourtesy very often results in breaking the law."

"That is why the police department is solidly behind the current code of the road program, and is urging all drivers to cooperate. The month-long program, which is marked by the slogan 'Make Courtesy Your Code of the Road,' is being sponsored by the Texas Safety Association, the Texas Department of Public Safety, the National Safety Council and the Inter-Industry Highway Safety Committee."

### TOO YOUNG.

"These eggs are very small," complained the young housewife as she stood in front of the egg case at the grocery store.

"They're straight from the farm this morning, madam," said the grocer.

"That's the trouble with these farmers," she replied. "They're so anxious to get these eggs sold they take them off the nest too soon."

Many parents will learn much by helping Junior with his school homework.

## Rev. Egger Attends Ministers' Conference

Hamlin was represented at Ministers' Week at Southern Methodist University in Dallas from last Monday through Thursday. Outstanding speakers included Texas Methodist Bishop A. Frank Smith of Houston, Dr. George MacLeod of Scotland, and Dr. Henry J. Cadbury of Harvard.

Attending the twentieth annual program from Hamlin was Rev. Darris L. Egger, pastor of the First Methodist Church.

HAMLIN

**CORRECT IDENTITY** of the fourth in the series of Mystery Farm Pictures being published by The Herald was submitted by 14 readers of Your Home Town Paper last week. The aerial view was of the Luther Bowen place, located four miles northwest of Hamlin. Lawrence Rimmer of North Hamlin was the first to name the place, and he will receive a one-year subscription to the paper. Another new picture is being printed every week in The Herald. Try your hand at guessing whose places are shown.

## 14 Identify Mystery Farm Picture from Last Week's Paper

Picture identifying picked up a little last week, when 14 readers of The Herald correctly named last week's mystery farm picture as the Luther Bowen place, located four miles northwest of Hamlin. Lawrence Rimmer of North Hamlin was the first to properly correctly identify the aerial view. Rimmer, as the others who have correctly named the picture appearing in the mystery farm series in The Herald, will receive a one-year subscription to Your Home Town Paper.

The Bowens have occupied the 160-acre farm for 12 years, having purchased the place from the O. C. Newsoms. Bowen moved to Jones County in 1899, settling in the Anson area. He married the former Minnie Waller on June 18, 1913, and they have four children. Newell Bowen is farming near Seminole; Luther Bowen Jr. is in the military service in Korea; Mrs. Pauline King lives at Hodges and Mrs. Lavoy Teel is a resident of Abilene.

All of the Bowen place is in cultivation. Thirty acres is planted to cotton, 60 acres to wheat, 30 acres to maize and 40 acres to oats.

Bowen has modernized his farming methods in recent years, he declares. He has chiseled the place often to help hold moisture that falls, and one-way the land to keep crop refuse near the top of the ground. He rotates his crops each year to give the soil a rest. During their stay on the place the Bowens have added four rooms to their place, and have also added a number of other farm buildings.

### LOSS LOTS WORSE.

"I hear your store was robbed last night," said the sympathetic customer to the local merchant. "Did you lose much?"

"I lost quite a bit," the store-keeper responded, "but it would have been a lot worse if the burglars had gotten in the night before. You see, yesterday I just finished marking everything down 20 per cent."

A little work, plus some responsibility, should be a part of the education of every boy and girl in this section, regardless of what parents think.

## Extension Program in Jones County for 1955 Reviewed by Board

Review of the 1955 extension program for Jones County was conducted last week when the Jones County agricultural extension program building committee met in the agents' office at Anson.

The committee consists of one woman and one man from each commissioner's precinct and four senior 4-H Club members. Duty of the committee is to plan the county extension program. Various commodity and geographic groups were represented.

Problems and solutions for the current year were discussed. Plans were made for a planning meeting to be held in late August.

Present for the meeting last week were Mr. and Mrs. L. W. Larson, Birger Haterius, Mr. and Mrs. J. L. Herman, J. H. Doty, Howard Roberts, Charles Stenholm, John Nelson, Delbert Wilson, Jimmie Lou Wainscott, county home demonstration agent; and W. H. Lehmberg, county agricultural agent.

Texas Heart Association says: "Your 'symptoms' may or may not mean heart disease. Don't guess and don't worry. See your doctor and be sure."

### REMEDIES TO ORDER.

Two readers of a local newspaper wrote to the editor seeking advice on their troubles.

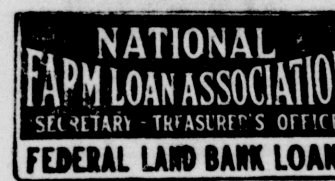

The first was the father of twins, and wanted to know the best way to get babies over teething troubles. The second was a man who asked how to protect his orchard from invading swarms of grasshoppers.

The editor answered them both carefully, but unfortunately he mixed their names, with the result that the man who was blessed with twins got the following reply: "Cover them with straw and set fire to them, and the pests will speedily be settled."

On the other hand the inquirer plagued with grasshoppers read: "Give them a little castor oil and rub their gums gently with a bone ring."

See Herald for rubber stamps.

## Dr. Hambrick Attends Optometry Gathering

Dr. W. C. Hambrick of Abilene and Hamlin arrived in Fort Worth Monday to attend the fifteenth annual meeting of the Southwestern Congress of Optometry for three days.

Optometrists from Texas, Arkansas, New Mexico, Louisiana, Mississippi, Oklahoma, Arizona and Alabama were to attend. The reading problems of the school child was to be one of the subjects to be discussed. Teachers of the same states have been invited as guests of the optometrists.

### FOR A CRISP BIRTHDAY.

A wife in Cleveland called to her husband:

"Last year for her birthday we sent mother a chair. What do you think we ought to do for her this year?"

The husband called back, "Electrify it!"

Dr. Hambrick practices in Hamlin each Thursday.
